

**APPLETON HEALTH DEPARTMENT
WEIGHTS & MEASURES
APPLETON FARM MARKETS SCALE RULES AND SOURCES
August 2006**

Scales required for sale of fresh produce items by weight shall be of a commercial type meeting NIST Handbook 44 requirements. Those newer than 1986 shall be marked NIST Class III; those newer than 1/1/97 also must be NTEP approved:

- Have a scale capacity of 30 lbs or less, and a maximum scale division size of ½ ounce or .02 lbs
- Any scale used must be pre-approved by the Appleton City Sealer or a Sanitarian/Sealer of the Appleton Health Department prior to the vendor's first sale of each year.
- A few approved scale sources:
 - a. Galaxy Science & Hobby Center, App. (920) 730-9220
 - b. Badger Scale Co., Green Bay (920) 662-2680
 - c. CCS Systems, Appleton (920) 739-1311
 - d. Hobart Sales and Service, Appleton (920) 739-9141
 - e. Valley Scale, Green Bay (920) 434-3300
