PROGRAM OBJECTIVE

The Homeowner Rehabilitation Loan Program provides low to moderate income individuals and families residing in single-family and owner-occupied duplexes with financial and related technical assistance for the rehabilitation of their property.

PROGRAM BENEFITS

The Program offers the opportunity to protect the investment you have in your house by providing rehabilitation loan funds at no interest and no monthly payments. The rehabilitation of your property also extends the life of the home and provides an increased pride in ownership.

LOAN QUALIFICATIONS

In order to qualify for a loan, you must meet the following requirements:

1. You must be a resident of the City of Appleton.
2. The property must be an owner-occupied single-family residence or owner-occupied duplex and you must reside at the premises for at least 90 days prior to application.
3. Your home must be physically and financially able to be rehabilitated.
4. Please see Gross Income and Personal Assets for additional requirements.

LOAN REPAYMENT

The loan amount is placed as a lien against your property and recorded with the Register of Deeds. It is repaid in full (no interest) at the time you sell, lease or vacate your home. If the home is transferred to a surviving spouse, the loan does not have to be repaid at that time.

ELIGIBLE PROPERTY IMPROVEMENTS

When the loan application form is completed, you have the opportunity to list the home improvements you would like to see done and discuss them with the Housing Coordinator. However, Federal and City regulations require that all items not meeting code, as identified during the property inspection, must be rehabilitated as part of the loan funds. Home improvement work will be prioritized with the most important first. Based on the eligible amount of the loan, it is possible that not all the work needed will be done. Funds cannot be used for new construction, acquisition of land, or purely cosmetic items.
