WHAT IS A SPECIAL USE PERMIT AMENDMENT?

1. Expansion of an existing special use that is less than ten percent (10%).
2. Other changes which keep with the general intent and character of the Special Use Permit previously issued.

WHERE DO I START?

Contact the Community and Economic Development Department to discuss interest in amending an existing Special Use Permit. The staff will provide information regarding the 2010-2030 Comprehensive Plan, the criteria for evaluation, surrounding uses and possible nonconformities.

WHAT'S NEXT?

A complete submittal includes a completed application, plan of operation, a detailed development plan of the proposed project. The Community and Economic Development Department files the complete submittal with the City Clerk.

City departments prepare a staff report and make recommendation to the Plan Commission.

If a property owner or owner's designated agent for an amendment to previously approved special use permit, meets or agrees to meet all of the requirements and conditions specified in the City of Appleton Municipal Code or those imposed by the Plan Commission and/or Common Council, the City shall grant the amended special use permit. Any condition imposed must be related to the purpose of the City of Appleton Municipal Code and be based on substantial evidence.

The property owner or owner's designated agent must demonstrate that the application and all requirements and conditions established by the city relating to the special use are or shall be satisfied, both of which must be supported by substantial evidence. The City's decision to approve or deny the permit amendment must be supported by substantial evidence.

Definition of Substantial Evidence. ***“Substantial evidence”*** means facts and information, other than merely personal preferences or speculation, directly pertaining to the requirements and conditions an applicant must meet to obtain a special use permit and that reasonable persons would accept in support of a conclusion.

WHAT IS THE FINAL ACTION?

The Plan Commission formally approves or denies the amendment to an existing Special Use Permit.

FINDINGS OF FACT

Section 23-66 (e) Standards for granting amendments to existing special use permits. No special use permit shall be amended by the Plan Commission, unless all of the following standards are found in the affirmative:

- (1) **Proper Zoning District.** The proposed special use is designated by this Chapter as a possible special use in the zoning district in which the property in question is located.
- (2) **District Regulations.** The proposed special use will comply with all applicable development standards in the zoning district in which the property in question is located.
- (3) **Special Regulations.** The proposed use will comply with all special regulations established by this chapter for such special use.
- (4) **Comprehensive Plan or other Plans.** The proposed special use is consistent with the Comprehensive Plan or other plan officially adopted by Common Council.
- (5) **Traffic.** Adequate measures have been or will be taken to provide ingress and egress so designed as to minimize traffic congestion in the public streets.
- (6) **Landscaping and screening.** Appropriate landscaping and screening has been or will be provided to protect adjacent uses or properties from light, noise and other visual impacts that are associated with the proposed special use as established in §23-172(g), Perimeter parking lot and loading space landscaping and §23-601, Landscaping and screening standards.
- (7) **Neighborhood compatibility.** The proposed use is compatible with the predominant or prevailing land use of the neighborhood surrounding the proposed development. In making this determination, the commission shall consider, but not be limited to, the proposed location of the improvements on the site, vehicular egress/ingress and internal circulation, pedestrian access, setbacks, height of buildings, walls and fences, landscaping, screening, and exterior lighting.
- (8) **Impact on Services.** The proposed special use will not substantially increase congestion in the public streets; will not place an undue burden on any other public utilities; or will not increase the danger of fire or endanger the public health or safety.
