City of Appleton is pleased to provide you with this Summary Plan Description (SPD), which describes the health Benefits available to you and your covered family members. It includes summaries of:

- who is eligible;
- services that are covered, called Covered Health Services;
- services that are not covered, called Exclusions;
- how Benefits are paid; and
- your rights and responsibilities under the Plan.

This SPD is designed to meet your information needs. It supersedes any previous printed or electronic SPD for this Plan.

IMPORTANT

The healthcare service, supply or Pharmaceutical Product is only a Covered Health Service if it is Medically Necessary. (See definitions of Medically Necessary and Covered Health Service in Section 14, Glossary.) The fact that a Physician or other provider has performed or prescribed a procedure or treatment, or the fact that it may be the only available treatment for a Sickness, Injury, Mental Illness, substance use disorder, disease or its symptoms does not mean that the procedure or treatment is a Covered Health Service under the Plan.

City of Appleton intends to continue this Plan, but reserves the right, in its sole discretion, to modify, change, revise, amend or terminate the Plan at any time, for any reason, and without prior notice. This SPD is not to be construed as a contract of or for employment. If there should be an inconsistency between the contents of this summary and the contents of the Plan, your rights shall be determined under the Plan and not under this summary.

UnitedHealthcare is a private healthcare claims administrator. UnitedHealthcare’s goal is to give you the tools you need to make wise healthcare decisions. UnitedHealthcare also helps your employer to administer claims. Although UnitedHealthcare will assist you in many ways, it does not guarantee any Benefits. City of Appleton is solely responsible for paying Benefits described in this SPD.
Please read this SPD thoroughly to learn how the Plan works. If you have questions contact your local Human Resources department or call the number on the back of your ID card.
How To Use This SPD

- Read the entire SPD, and share it with your family. Then keep it in a safe place for future reference.

- Many of the sections of this SPD are related to other sections. You may not have all the information you need by reading just one section.

- You can find copies of your SPD and any future amendments or request printed copies by contacting Human Resources.

- Capitalized words in the SPD have special meanings and are defined in Section 14, Glossary.

- If eligible for coverage, the words "you" and "your" refer to Covered Persons as defined in Section 14, Glossary.

- City of Appleton is also referred to as Company.

- If there is a conflict between this SPD and any benefit summaries (other than Summaries of Material Modifications) provided to you, this SPD will control.
SECTION 2 - INTRODUCTION

What this section includes:

■ Who’s eligible for coverage under the Plan;
■ The factors that impact your cost for coverage;
■ Instructions and timeframes for enrolling yourself and your eligible Dependents;
■ When coverage begins; and
■ When you can make coverage changes under the Plan.

Eligibility

You are eligible to enroll in the Plan if you are a regular full-time employee of the City of Appleton, or an entity sponsored by the City of Appleton, such as the Appleton Housing Authority, who is scheduled to work at least 30 hours per week or such a person who retires under the plan.

Your eligible Dependents may also participate in the Plan. An eligible Dependent is considered to be:

■ your Spouse, as defined in Section 14, Glossary;
■ your or your Spouse’s child who is under age 26, including a natural child, stepchild, a legally adopted child, a child placed for adoption or a child for whom you or your Spouse are the legal guardian, or a child of a Dependent child (until the Dependent who is the parent turns 18); or
■ an unmarried child age 26 or over who is or becomes disabled and dependent upon you.

To be eligible for coverage under the Plan, a Dependent must reside within the United States.

Note: Your Dependents may not enroll in the Plan unless you are also enrolled.

A Dependent also includes a child for whom health care coverage is required through a Qualified Medical Child Support Order or other court or administrative order, as described in Section 13, Other Important Information.

Cost of Coverage

You and City of Appleton share in the cost of the Plan. Your contribution amount depends on the Plan you select and the family members you choose to enroll.

Your contributions are deducted from your paychecks on a before-tax basis. Before-tax dollars come out of your pay before federal income and Social Security taxes are withheld - and in most states, before state and local taxes are withheld. This gives your contributions a special tax advantage and lowers the actual cost to you.
Your contributions are subject to review and City of Appleton reserves the right to change your contribution amount from time to time.

You can obtain current contribution rates by calling Human Resources.

**How to Enroll**

To enroll, call Human Resources within 31 days of the date you first become eligible for medical Plan coverage. If you do not enroll within 31 days, you will need to wait until the next annual Open Enrollment to make your benefit elections.

Each year during annual Open Enrollment, you have the opportunity to review and change your medical election. Any changes you make during Open Enrollment will become effective the following January 1.

**Important**

If you wish to change your benefit elections following your marriage, birth, adoption of a child, placement for adoption of a child or other family status change, you must contact Human Resources within 31 days for marriage, adoption of a child, placement for adoption of a child or other family status change and within 90 days of birth. Otherwise, you will need to wait until the next annual Open Enrollment to change your elections.

**When Coverage Begins**

Once Human Resources receives your properly completed enrollment, coverage will begin on the day immediately following the completion of a 30 day waiting period. Coverage for your Dependents will start on the date your coverage begins, provided you have enrolled them in a timely manner.

Coverage for a Spouse or Dependent stepchild that you acquire via marriage becomes effective the date of your marriage, provided you notify Human Resources within 31 days of your marriage. Coverage for Dependent children acquired through birth, adoption, or placement for adoption is effective the date of the family status change, provided you notify Human Resources within 31 days for marriage, adoption of a child, placement for adoption of a child or other family status change and within 90 days of birth.

**If You Are Hospitalized When Your Coverage Begins**

If you are an inpatient in a Hospital, Skilled Nursing Facility or Inpatient Rehabilitation Facility on the day your coverage begins, the Plan will pay Benefits for Covered Health Services related to that Inpatient Stay as long as you receive Covered Health Services in accordance with the terms of the Plan.

You should notify UnitedHealthcare within 48 hours of the day your coverage begins, or as soon as is reasonably possible. Network Benefits are available only if you receive Covered Health Services from Network providers.
Changing Your Coverage

You may make coverage changes during the year only if you experience a change in family status. The change in coverage must be consistent with the change in status (e.g., you cover your Spouse following your marriage, your child following an adoption, etc.). The following are considered family status changes for purposes of the Plan:

- your marriage, divorce, legal separation or annulment;
- the birth, adoption, placement for adoption or legal guardianship of a child;
- a change in your Spouse's employment or involuntary loss of health coverage (other than coverage under the Medicare or Medicaid programs) under another employer's plan;
- loss of coverage due to the exhaustion of another employer's COBRA benefits, provided you were paying for premiums on a timely basis;
- the death of a Dependent;
- your Dependent child no longer qualifying as an eligible Dependent;
- a change in your or your Spouse's position or work schedule that impacts eligibility for health coverage;
- contributions were no longer paid by the employer (This is true even if you or your eligible Dependent continues to receive coverage under the prior plan and to pay the amounts previously paid by the employer);
- you or your eligible Dependent who were enrolled in an HMO no longer live or work in that HMO's service area and no other benefit option is available to you or your eligible Dependent;
- benefits are no longer offered by the Plan to a class of individuals that include you or your eligible Dependent;
- termination of your or your Dependent’s Medicaid or Children’s Health Insurance Program (CHIP) coverage as a result of loss of eligibility (you must contact Human Resources within 60 days of termination);
- you or your Dependent become eligible for a premium assistance subsidy under Medicaid or CHIP (you must contact Human Resources within 60 days of determination of subsidy eligibility);
- a strike or lockout involving you or your Spouse; or
- a court or administrative order.

Unless otherwise noted above, if you wish to change your elections, you must contact Human Resources within 31 days for marriage, adoption of a child, placement for adoption of a child or other family status change and within 90 days of birth. Otherwise, you will need to wait until the next annual Open Enrollment.

While some of these changes in status are similar to qualifying events under COBRA, you, or your eligible Dependent, do not need to elect COBRA continuation coverage to take
advantage of the special enrollment rights listed above. These will also be available to you or your eligible Dependent if COBRA is elected.

**Note:** Any child under age 26 who is placed with you for adoption will be eligible for coverage on the date the child is placed with you, even if the legal adoption is not yet final. If you do not legally adopt the child, all medical Plan coverage for the child will end when the placement ends. No provision will be made for continuing coverage (such as COBRA coverage) for the child.

### Change in Family Status - Example

Jane is married and has two children who qualify as Dependents. At annual Open Enrollment, she elects not to participate in City of Appleton's medical plan, because her husband, Tom, has family coverage under his employer's medical plan. In June, Tom loses his job as part of a downsizing. As a result, Tom loses his eligibility for medical coverage. Due to this family status change, Jane can elect family medical coverage under City of Appleton's medical plan outside of annual Open Enrollment.
SECTION 3 - HOW THE PLAN WORKS

What this section includes:
  ■ Accessing Network and Non-Network Benefits;
  ■ Eligible Expenses;
  ■ Annual Deductible;
  ■ Coinsurance; and
  ■ Out-of-Pocket Maximum.

Accessing Network and Non-Network Benefits

As a participant in this Plan, you have the freedom to choose the Physician or health care professional you prefer each time you need to receive Covered Health Services. The choices you make affect the amounts you pay, as well as the level of Benefits you receive and any benefit limitations that may apply.

You are eligible for the Network level of Benefits under this Plan when you receive Covered Health Services from Physicians and other health care professionals who have contracted with UnitedHealthcare to provide those services.

You can choose to receive Network Benefits or Non-Network Benefits.

Network Benefits apply to Covered Health Services that are provided by a Network Physician or other Network provider. Emergency Health Services are always paid as Network Benefits. For facility charges, these are Benefits for Covered Health Services that are billed by a Network facility and provided under the direction of either a Network or non-Network Physician or other provider. Network Benefits include Physician services provided in a Network facility by a Network or a non-Network radiologist, anesthesiologist, pathologist and Emergency room Physician.

Non-Network Benefits apply to Covered Health Services that are provided by a non-Network Physician or other non-Network provider, or Covered Health Services that are provided at a non-Network facility.

Depending on the geographic area and the service you receive, you may have access through UnitedHealthcare's Shared Savings Program to non-Network providers who have agreed to discounts negotiated from their charges on certain claims for Covered Health Services. Refer to the definition of Shared Savings Program in Section 14, Glossary, of the SPD for details about how the Shared Savings Program applies.

Generally, when you receive Covered Health Services from a Network provider, you pay less than you would if you receive the same care from a non-Network provider. Therefore, in most instances, your out-of-pocket expenses will be less if you use a Network provider.

If you choose to seek care outside the Network, the Plan generally pays Benefits at a lower level. You are required to pay the amount that exceeds the Eligible Expense. The amount in
excess of the Eligible Expense could be significant, and this amount does not apply to the
Out-of-Pocket Maximum. You may want to ask the non-Network provider about their billed
charges before you receive care.

**Health Services from Non-Network Providers Paid as Network Benefits**
If specific Covered Health Services are not available from a Network provider, you may be
eligible to receive Network Benefits from a non-Network provider. In this situation, your
Network Physician will notify the Claims Administrator and if the Claims Administrator
confirms that care is not available from a Network provider, the Claims Administrator will
work with you and your Network Physician to coordinate care through a non-Network
provider.

When you receive Covered Health Services through a Network Physician, the Plan will pay
Network Benefits for those Covered Health Services, even if one or more of those Covered
Health Services is received from a non-Network provider.

**Looking for a Network Provider?**
In addition to other helpful information, www.myuhc.com, UnitedHealthcare's
consumer website, contains a directory of health care professionals and facilities in
UnitedHealthcare's Network. While Network status may change from time to time,
www.myuhc.com has the most current source of Network information. Use
www.myuhc.com to search for Physicians available in your Plan.

**Network Providers**
UnitedHealthcare or its affiliates arrange for health care providers to participate in a
Network. At your request, UnitedHealthcare will send you a directory of Network providers
free of charge. Keep in mind, a provider's Network status may change. To verify a provider's
status or request a provider directory, you can call UnitedHealthcare at the toll-free number
on your ID card or log onto www.myuhc.com.

Network providers are independent practitioners and are not employees of City of Appleton
or UnitedHealthcare.

UnitedHealthcare's credentialing process confirms public information about the providers'
licenses and other credentials, but does not assure the quality of the services provided.

**Possible Limitations on Provider Use**
If UnitedHealthcare determines that you are using health care services in a harmful or
abusive manner, you may be required to select a Network Physician to coordinate all of your
future Covered Health Services. If you don't make a selection within 31 days of the date you
are notified, UnitedHealthcare will select a Network Physician for you. In the event that you
do not use the Network Physician to coordinate all of your care, any Covered Health
Services you receive will be paid at the non-Network level.

**Geographical Network Gap Exception**
When there are no In-Network (INN) providers available in the required specialty, within a
30 mile radius of the consumer’s home ZIP code, an exception to allow in-network benefits
for services provided by an out-of-network physician/specialist will be granted. Network gap exception will be granted (In-Network physician or specialist benefit level) for a 90 day period. If the course of treatment extends beyond 90 days, the member will have to call Customer Care to obtain a new network gap exception.

Network Gap Exceptions must be requested prior to services being rendered by out-of-network provider.

**Clinical Network Gap Exception**
When there is an In-Network (INN) provider available in the required specialty; however, the specialist cannot accommodate the patient’s diagnosis (For example: The specialty is dermatology; however, the dermatologist does not treat Lyme disease). A gap exception to allow in-network benefits for services provided by an out-of-network physician/specialist will be granted if no other In-Network specialist can be found. Network gap exception will be granted (In-Network physician or specialist benefit level) for a 90 day period. If the course of treatment extends beyond 90 days, the member will have to call Customer Care to obtain a new network gap exception.

Network Gap Exceptions must be requested prior to services being rendered by out-of-network provider.

**Eligible Expenses**
City of Appleton has delegated to UnitedHealthcare the initial discretion and authority to decide whether a treatment or supply is a Covered Health Service and how the Eligible Expenses will be determined and otherwise covered under the Plan.

Eligible Expenses are the amount UnitedHealthcare determines that UnitedHealthcare will pay for Benefits. For Network Benefits, you are not responsible for any difference between Eligible Expenses and the amount the provider bills. For Network Benefits for Covered Health Services provided by a non-Network provider (other than Emergency Health Services or services otherwise arranged by UnitedHealthcare), you will be responsible to the non-Network Physician or provider for any amount billed that is greater than the amount UnitedHealthcare determines to be an Eligible Expense as described below. For Non-Network Benefits, you are responsible for paying, directly to the non-Network provider, any difference between the amount the provider bills you and the amount UnitedHealthcare will pay for Eligible Expenses. Eligible Expenses are determined solely in accordance with UnitedHealthcare's reimbursement policy guidelines, as described in the SPD.

**For Network Benefits**, Eligible Expenses are based on the following:

- When Covered Health Services are received from a Network provider, Eligible Expenses are UnitedHealthcare’s contracted fee(s) with that provider.
- When Covered Health Services are received from a non-Network provider as a result of an Emergency or as arranged by UnitedHealthcare, Eligible Expenses are an amount negotiated by UnitedHealthcare or an amount permitted by law. Please contact UnitedHealthcare if you are billed for amounts in excess of your applicable Coinsurance,
Copayment or any deductible. The Plan will not pay excessive charges or amounts you are not legally obligated to pay.

For Non-Network Benefits, Eligible Expenses are based on either of the following:

- When Covered Health Services are received from a non-Network provider, Eligible Expenses are determined, based on:
  - Negotiated rates agreed to by the non-Network provider and either UnitedHealthcare or one of UnitedHealthcare's vendors, affiliates or subcontractors, at UnitedHealthcare's discretion.
  - If rates have not been negotiated, then one of the following amounts applies based on the claim type:
    - For Covered Health Services other than Pharmaceutical Products, Eligible Expenses are determined based on available data resources of competitive fees in that geographic area.
    - When Covered Health Services are Pharmaceutical Products, Eligible Expenses are determined based on 110% of the published rates allowed by the Centers for Medicare and Medicaid Services (CMS) for Medicare for the same or similar service within the geographic market.

When a rate is not published by CMS for the service or data resources of competitive fees in a geographic area are not available, UnitedHealthcare uses a gap methodology established by OptumInsight and/or a third party vendor that uses a relative value scale or similar methodology. The relative value scale is usually based on the difficulty, time, work, risk and resources of the service. If the relative value scale currently in use becomes no longer available, UnitedHealthcare will use a comparable scale(s). UnitedHealthcare and OptumInsight are related companies through common ownership by UnitedHealth Group. Refer to UnitedHealthcare's website at www.myuhc.com for information regarding the vendor that provides the applicable gap fill relative value scale information.

IMPORTANT NOTICE: Non-Network providers may bill you for any difference between the provider's billed charges and the Eligible Expense described here.

Annual Deductible

The Annual Deductible is the amount of Eligible Expenses you must pay each calendar year for Covered Health Services before you are eligible to begin receiving Benefits. There are separate Network and non-Network Annual Deductibles for this Plan. The amounts you pay toward your Annual Deductible accumulate over the course of the calendar year.
The Annual Deductible applies to all Covered Health Services under the Plan, including Covered Health Services provided in Section 15, Prescription Drugs.

Amounts paid toward the Annual Deductible for Covered Health Services that are subject to a visit or day limit will also be calculated against that maximum benefit limit. As a result, the limited benefit will be reduced by the number of days or visits you used toward meeting the Annual Deductible.

When a Covered Person was previously covered under a benefit plan that was replaced by the Plan, any amount already applied to that annual deductible provision of the prior plan will apply to the Annual Deductible provision under this Plan.

**Coinsurance**

Coinsurance is the percentage of Eligible Expenses that you are responsible for paying. Coinsurance is a fixed percentage that applies to certain Covered Health Services after you meet the Annual Deductible.

**Coinsurance – Example**

Let's assume that you receive Plan Benefits for outpatient surgery from a Network provider. Since the Plan pays 90% after you meet the Annual Deductible, you are responsible for paying the other 10%. This 10% is your Coinsurance.

**Out-of-Pocket Maximum**

The annual Out-of-Pocket Maximum is the most you pay each calendar year for Covered Health Services. There are separate Network and non-Network Out-of-Pocket Maximums for this Plan. If your eligible out-of-pocket expenses in a calendar year exceed the annual maximum, the Plan pays 100% of Eligible Expenses for Covered Health Services through the end of the calendar year.

The Out-of-Pocket Maximum applies to all Covered Health Services under the Plan, including Covered Health Services provided in Section 15, Prescription Drugs.

The following table identifies what does and does not apply toward your Network and non-Network Out-of-Pocket Maximums:

SECTION 4 - CARE COORDINATION℠ AND PRIOR AUTHORIZATION

What this section includes:
- An overview of the Care Coordination℠ program; and
- Covered Health Services which Require Prior Authorization.

Care Management

When you seek prior authorization as required, the Claims Administrator will work with you to implement the care management process and to provide you with information about additional services that are available to you, such as disease management programs, health education, and patient advocacy.

UnitedHealthcare provides a program called Care Coordination℠ designed to encourage personalized, efficient care for you and your covered Dependents.

Care Coordination℠ nurses center their efforts on prevention, education, and closing any gaps in your care. The goal of the program is to ensure you receive the most appropriate and cost-effective services available.

Care Coordination℠ nurses will provide a variety of different services to help you and your covered family members receive appropriate medical care. Program components are subject to change without notice. When the Claims Administrator is called as required, they will work with you to implement the Care Coordination℠ process and to provide you with information about additional services that are available to you, such as disease management programs, health education, and patient advocacy. As of the publication of this SPD, the Care Coordination℠ program includes:

- **Admission counseling** - Nurse Advocates are available to help you prepare for a successful surgical admission and recovery. Call the number on the back of your ID card for support.

- **Inpatient care management** - If you are hospitalized, a Care Coordination℠ nurse will work with your Physician to make sure you are getting the care you need and that your Physician's treatment plan is being carried out effectively.

- **Readmission Management** - This program serves as a bridge between the Hospital and your home if you are at high risk of being readmitted. After leaving the Hospital, if you have a certain chronic or complex condition, you may receive a phone call from a Care Coordination℠ nurse to confirm that medications, needed equipment, or follow-up services are in place. The Care Coordination℠ nurse will also share important health care information, reiterate and reinforce discharge instructions, and support a safe transition home.

- **Risk Management** - Designed for participants with certain chronic or complex conditions, this program addresses such health care needs as access to medical specialists, medication information, and coordination of equipment and supplies. Participants may receive a phone call from a Care Coordination℠ nurse to discuss and
share important health care information related to the participant’s specific chronic or complex condition.

If you do not receive a call from a Care CoordinationSM nurse but feel you could benefit from any of these programs, please call the toll-free number on your ID card.

**Prior Authorization**

UnitedHealthcare requires prior authorization for certain Covered Health Services. In general, your Network Primary Physician and other Network providers are responsible for obtaining prior authorization before they provide these services to you. There are some Benefits, however, for which you are responsible for obtaining prior authorization. For detailed information on the Covered Health Services that require prior authorization, please refer to Section 6, *Additional Coverage Details*.

It is recommended that you confirm with the Claims Administrator that all Covered Health Services listed below have been prior authorized as required. Before receiving these services from a Network provider, you may want to contact the Claims Administrator to verify that the Hospital, Physician and other providers are Network providers and that they have obtained the required prior authorization. Network facilities and Network providers cannot bill you for services they fail to prior authorize as required. You can contact the Claims Administrator by calling the toll-free telephone number on the back of your ID card.

When you choose to receive certain Covered Health Services from non-Network providers, you are responsible for obtaining prior authorization before you receive these services. Note that your obligation to obtain prior authorization is also applicable when a non-Network provider intends to admit you to a Network facility or refers you to other Network providers.

**To obtain prior authorization, call the toll-free number on the back of your ID card.**

This call starts the utilization review process. Once you have obtained the authorization, please review it carefully so that you understand what services have been authorized and what providers are authorized to deliver the services that are subject to the authorization.

The utilization review process is a set of formal techniques designed to monitor the use of, or evaluate the clinical necessity, appropriateness, efficacy, or efficiency of, health care services, procedures or settings. Such techniques may include ambulatory review, prospective review, second opinion, certification, concurrent review, case management, discharge planning, retrospective review or similar programs.

**Contacting the Claims Administrator or Care CoordinationSM is easy.**

Simply call the number on your ID card.

Network providers are generally responsible for obtaining prior authorization from the Claims Administrator before they provide certain services to you. However, there are some Network Benefits for which you are responsible for obtaining prior authorization from the Claims Administrator.
When you choose to receive certain Covered Health Services from non-Network providers, you are responsible for obtaining prior authorization from the Claims Administrator before you receive these services. In many cases, your Non-Network Benefits will be reduced if the Claims Administrator has not provided prior authorization.

Services for which you are required to obtain prior authorization are identified in Section 6, Additional Coverage Details, within each Covered Health Service Benefit description. Please note that prior authorization timelines apply. Refer to the applicable Benefit description to determine how far in advance you must obtain prior authorization.

**Special Note Regarding Medicare**

If you are enrolled in Medicare on a primary basis (Medicare pays before the Plan pays Benefits) the prior authorization requirements do not apply to you. Since Medicare is the primary payer, the Plan will pay as secondary payer as described in Section 10, Coordination of Benefits (COB). You are not required to obtain authorization before receiving Covered Health Services.

1. Please obtain prior authorization from the Claims Administrator before receiving Covered Health Services, as described in Section 6, Additional Coverage Details.

2. These Benefits are for Covered Health Services provided through CRS by a Designated Provider. For oncology services not provided through CRS, the Plan pays Benefits as described under Physician's Office Services, Physician Fees for Surgical and Medical Services, Hospital - Inpatient Stay, Surgery - Outpatient, Scopic Procedures - Outpatient Diagnostic and Therapeutic Lab, X-Ray and Diagnostics – Outpatient, and Lab, X-Ray and Major Diagnostics – CT, PET, MRI, MRA and Nuclear Medicine – Outpatient.
SECTION 6 - ADDITIONAL COVERAGE DETAILS

What this section includes:

- Covered Health Services for which the Plan pays Benefits; and
- Covered Health Services that require you to obtain prior authorization before you receive them, and any reduction in Benefits that may apply if you do not call to obtain prior authorization.

This section supplements the second table in Section 5, *Plan Highlights*. While the table provides you with Benefit limitations along with Coinsurance and Annual Deductible information for each Covered Health Service, this section includes descriptions of the Benefits. These descriptions include any additional limitations that may apply, as well as Covered Health Services for which you must obtain prior authorization as required. The Covered Health Services in this section appear in the same order as they do in the table for easy reference. Services that are not covered are described in Section 8, *Exclusions and Limitations*.

Ambulance Services

The Plan covers Emergency ambulance services and transportation provided by a licensed ambulance service to the nearest Hospital that offers Emergency Health Services. See Section 14, *Glossary* for the definition of Emergency.

Ambulance service by air is covered in an Emergency if ground transportation is impossible, or would put your life or health in serious jeopardy. If special circumstances exist, UnitedHealthcare may pay Benefits for Emergency air transportation to a Hospital that is not the closest facility to provide Emergency Health Services.

The Plan also covers transportation provided by a licensed professional ambulance (either ground or air ambulance, as UnitedHealthcare determines appropriate) between facilities when the transport is:

- from a non-Network Hospital to a Network Hospital;
- to a Hospital that provides a higher level of care that was not available at the original Hospital;
- to a more cost-effective acute care facility; or
- from an acute facility to a sub-acute setting.

Prior Authorization Requirement

In most cases, the Claims Administrator will initiate and direct non-Emergency ambulance transportation. If you are requesting non-Emergency ambulance services, please remember that you must obtain prior authorization as soon as possible prior to transport. If you fail to obtain prior authorization as required, Benefits will be reduced to 50% of Eligible Expenses.
Autism Spectrum Disorder Services
The following definitions apply for purposes of Autism Spectrum Disorders:

“Autism Spectrum Disorders” means any of the following:

- Autism disorder.
- Asperger’s syndrome.
- Pervasive development disorder not otherwise specified.

“Intensive-level services” means evidence-based behavioral therapies that is designed to help an individual with autism spectrum disorder overcome the cognitive, social and behavioral deficits associated with that disorder.

“Non-intensive level services” means evidence-based therapy that occurs after the completion of treatment for Intensive-level services or, for an individual who has not and will not receive intensive-level services, evidence-based therapy that will improve the individual's condition.

**Intensive Level Services**

**Note: Benefits for intensive-level services begin after the Enrolled Dependent child turns two years of age but prior to turning nine years of age.**

Benefits are provided for evidence-based behavioral intensive-level therapy for an insured with a verified diagnosis of autism spectrum disorder, the majority of which shall be provided to the Enrolled Dependent child when the parent or legal guardian is present and engaged. The prescribed therapy must be consistent with all of the following requirements:

- Based upon a treatment plan developed by a qualified provider that includes at least 20 hours per week over a six-month period of time of evidence-based behavioral intensive therapy, treatment and services with specific cognitive, social, communicative, self-care, or behavioral goals that are clearly defined, directly observed and continually measured and that address the characteristics of autism spectrum disorders. Treatment plans shall require that the Enrolled Dependent child be present and engaged in the intervention.
- Implemented by qualified providers, qualified supervising provider, qualified professional, qualified therapists or qualified paraprofessionals.
- Provided in an environment most conducive to achieving the goals of the Enrolled Dependent child's treatment plan.
- Included training and consultation, participation in team meeting and active involvement of the Enrolled Dependent child's family and treatment team for implementation of the therapeutic goals developed by the team.
- The Enrolled Dependent child is directly observed by the qualified provider at least once every two months.
- Beginning after the Enrolled Dependent child is two years of age and before the Enrolled Dependent child is nine years of age.
Intensive-level services will be covered for up to four cumulative years. We may credit against any previous intensive-level services the Enrolled Dependent child received against the required four years of intensive-level services regardless of payer. We may also require documentation including medical records and treatment plans to verify any evidence-based behavioral therapy the insured received for autism spectrum disorders that was provided to the Enrolled Dependent child prior to attaining nine years of age. Evidence-based behavioral therapy that was provided to the Enrolled Dependent child for an average of 20 or more hours per week over a continuous six-month period to be intensive-level services.

Travel time for qualified providers, supervising providers, professionals, therapists or paraprofessionals is not included when calculating the number of hours of care provided per week. We are not required to reimburse for travel time.

We require that progress be assessed and documented throughout the course of treatment. We may request and review the Enrolled Dependent child’s treatment plan and the summary of progress on a periodic basis.

**Non-Intensive Level Services**

Non-intensive Level Services will be covered for an Enrolled Dependent child with a verified diagnosis of autism spectrum disorder for non-intensive level services that are evidence-based and are provided to an Enrolled Dependent child by a qualified provider, professional, therapist or paraprofessional in either of the following conditions:

- After the completion of intensive-level services and designed to sustain and maximize gains made during intensive level services treatment.
- To an Enrolled Dependent child who has not and will not receive intensive-level services but for who non-intensive level services will improve the Enrolled Dependent child’s condition.

Benefits will be provided for evidence-based therapy that is consistent with all of the following requirements:

- Based upon a treatment plan developed by a qualified provider, supervising provider, professional or therapist that includes specific therapy goals that are clearly defined, directly observed and continually measured and that address the characteristics of autism spectrum disorders. Treatment plans shall require that the Enrolled Dependent child be present and engaged in the intervention.
- Implemented by qualified providers, qualified supervising providers, qualified professionals, qualified therapist or qualified paraprofessionals.
- Provided in an environment most conducive to achieving the goal of the Enrolled Dependent child’s treatment plan.
- Included training and consultation, participation in team meetings and active involvement of the Enrolled Dependent child’s family in order to implement the therapeutic goals developed by the team.
- Provided supervision of providers, professionals, therapists and paraprofessionals by qualified supervising providers on the treatment team.
Non-intensive level services may include direct or consultative services when provided by qualified providers, qualified supervising providers, qualified professionals, qualified paraprofessionals, or qualified therapists.

We require that progress be assessed and documented throughout the course of treatment. We may request and review the Enrolled Dependent child’s treatment plan and the summary of progress on a periodic basis.

Travel time for qualified providers, qualified supervising providers, qualified professional, qualified therapists or qualified paraprofessionals is not included when calculating the number of hours of care provided per week. We are not required to reimburse for travel time.

Intensive-level and Non-intensive level services include but are not limited to speech, occupational and behavioral therapies.

The following services are not covered under the autism spectrum disorders:

- Acupuncture.
- Animal-based therapy including hippo therapy.
- Auditory integration training.
- Chelation therapy.
- Child care fees.
- Cranial sacral therapy.
- Custodial or respite care.
- Hyperbaric oxygen therapy.
- Special diets or supplements.
- Pharmaceuticals and durable medical equipment.

**Breast Reduction**

Criteria for a coverage determination as reconstructive:

Breast reduction surgery is considered reconstructive and Medically Necessary when the following criteria are met:

A. Macromastia is the primary etiology of the member’s functional impairment or impairments. The following are examples of functional impairments that must be attributable to macromastia to be considered (not an all-inclusive list):

- Severe skin excoriation/intertrigo unresponsive to medical management.
- Severe restriction of physical activities that meets the definition of functional impairment below.
■ Signs and symptoms of nerve compression that are unresponsive to medical management (e.g. ulnar paresthesias).
■ Acquired kyphosis that is attributed to macromastia.
■ Chronic breast pain due to weight of the breasts.
■ Upper back, neck, or shoulder pain.
■ Shoulder grooving from bra straps.
■ Headache.

B. The amount of tissue to be removed plots above the 22nd percentile.

C. If the amount of tissue to be removed plots between the 5th and 22nd percentiles, the procedure may be either reconstructive or cosmetic; the determination is based on the review of the information provided.

D. Diagnostic tests, if done, have ruled out other causes of the functional impairment.

E. The proposed procedure is likely to result in significant improvement of the functional impairment.

**Cancer Resource Services (CRS)**

The Plan pays Benefits for oncology services provided by Designated Providers participating in the Cancer Resource Services (CRS) program. Designated Provider is defined in Section 14, **Glossary**.

For oncology services and supplies to be considered Covered Health Services, they must be provided to treat a condition that has a primary or suspected diagnosis relating to cancer. If you or a covered Dependent has cancer, you may:

■ Be referred to CRS by the Claims Administrator or Care Coordination™.
■ call CRS toll-free at (866) 936-6002; or
■ Visit [www.myoptumhealthcomplexmedical.com](http://www.myoptumhealthcomplexmedical.com).

To receive Benefits for a cancer-related treatment, you are not required to visit a Designated Provider. If you receive oncology services from a facility that is not a Designated Provider, the Plan pays Benefits as described under:

■ **Physician's Office Services - Sickness and Injury**;
■ **Physician Fees for Surgical and Medical Services**;
■ **Scopic Procedures - Outpatient Diagnostic and Therapeutic**;
■ **Therapeutic Treatments - Outpatient**;
Hospital - Inpatient Stay; and
Surgery - Outpatient.

**Note:** The services described under *Travel and Lodging* are Covered Health Services only in connection with cancer-related services received by a Designated Provider.

To receive Benefits under the CRS program, you must contact CRS prior to obtaining Covered Health Services. The Plan will only pay Benefits under the CRS program if CRS provides the proper authorization to the Designated Provider performing the services (even if you self refer to a provider in that Network).

**Cellular and Gene Therapy**

Cellular Therapy and Gene Therapy received on an inpatient or outpatient basis at a Hospital or on an outpatient basis at an Alternate Facility or in a Physician's office.

Benefits for CAR-T therapy for malignancies are provided as described under *Transplantation Services*.

**Prior Authorization Requirement**

For Network Benefits you must obtain prior authorization from the Claims Administrator as soon as the possibility of a Cellular or Gene Therapy arises.

If you do not obtain prior authorization and if, as a result, the services are not received from a Designated Provider, Network Benefits will not be paid.

**Clinical Trials**

Benefits are available for routine patient care costs incurred during participation in a qualifying clinical trial for the treatment of:

- cancer or other life-threatening disease or condition. For purposes of this benefit, a life-threatening disease or condition is one from which the likelihood of death is probable unless the course of the disease or condition is interrupted;
- cardiovascular disease (cardiac/stroke) which is not life threatening, for which, as UnitedHealthcare determines, a clinical trial meets the qualifying clinical trial criteria stated below;
- surgical musculoskeletal disorders of the spine, hip and knees, which are not life threatening, for which, as UnitedHealthcare determines, a clinical trial meets the qualifying clinical trial criteria stated below; and
- other diseases or disorders which are not life threatening for which, as UnitedHealthcare determines, a clinical trial meets the qualifying clinical trial criteria stated below.

Benefits include the reasonable and necessary items and services used to prevent, diagnose and treat complications arising from participation in a qualifying clinical trial.
Benefits are available only when the Covered Person is clinically eligible for participation in the qualifying clinical trial as defined by the researcher.

Routine patient care costs for qualifying clinical trials include:

- Covered Health Services for which Benefits are typically provided absent a clinical trial;
- Covered Health Services required solely for the provision of the investigational item or service, the clinically appropriate monitoring of the effects of the item or service, or the prevention of complications; and
- Covered Health Services needed for reasonable and necessary care arising from the provision of an Investigational item or service.

Routine costs for clinical trials do not include:

- the Experimental or Investigational Service or item. The only exceptions to this are:
  - certain Category B devices;
  - certain promising interventions for patients with terminal illnesses; and
  - other items and services that meet specified criteria in accordance with our medical and drug policies;
- items and services provided solely to satisfy data collection and analysis needs and that are not used in the direct clinical management of the patient;
- a service that is clearly inconsistent with widely accepted and established standards of care for a particular diagnosis; and
- items and services provided by the research sponsors free of charge for any person enrolled in the trial.

With respect to cancer or other life-threatening diseases or conditions, a qualifying clinical trial is a Phase I, Phase II, Phase III, or Phase IV clinical trial that is conducted in relation to the prevention, detection or treatment of cancer or other life-threatening disease or condition and which meets any of the following criteria in the bulleted list below.

With respect to cardiovascular disease or musculoskeletal disorders of the spine and hip and knees and other diseases or disorders which are not life-threatening, a qualifying clinical trial is a Phase I, Phase II, or Phase III clinical trial that is conducted in relation to the detection or treatment of such non-life-threatening disease or disorder and which meets any of the following criteria in the bulleted list below.

- Federally funded trials. The study or investigation is approved or funded (which may include funding through in-kind contributions) by one or more of the following:
  - National Institutes of Health (NIH). (Includes National Cancer Institute (NCI));
  - Centers for Disease Control and Prevention (CDC);
  - Agency for Healthcare Research and Quality (AHRQ);
  - Centers for Medicare and Medicaid Services (CMS);
- a cooperative group or center of any of the entities described above or the Department of Defense (DOD) or the Veterans Administration (VA);
- a qualified non-governmental research entity identified in the guidelines issued by the National Institutes of Health for center support grants; or
- The Department of Veterans Affairs, the Department of Defense or the Department of Energy as long as the study or investigation has been reviewed and approved through a system of peer review that is determined by the Secretary of Health and Human Services to meet both of the following criteria:
  ♦ comparable to the system of peer review of studies and investigations used by the National Institutes of Health, and
  ♦ ensures unbiased review of the highest scientific standards by qualified individuals who have no interest in the outcome of the review.

- the study or investigation is conducted under an investigational new drug application reviewed by the U.S. Food and Drug Administration;
- the study or investigation is a drug trial that is exempt from having such an investigational new drug application;
- the clinical trial must have a written protocol that describes a scientifically sound study and have been approved by all relevant institutional review boards (IRBs) before participants are enrolled in the trial. UnitedHealthcare may, at any time, request documentation about the trial; or
- the subject or purpose of the trial must be the evaluation of an item or service that meets the definition of a Covered Health Service and is not otherwise excluded under the Plan.

### Prior Authorization Requirement

You must obtain prior authorization from the Claims Administrator as soon as the possibility of participation in a Clinical Trial arises. If you fail to obtain prior authorization as required, Benefits will be reduced to 50% of Eligible Expenses.

CHD surgical procedures include surgeries to treat conditions such as coarctation of the aorta, aortic stenosis, tetralogy of fallot, transposition of the great vessels and hypoplastic left or right heart syndrome.

UnitedHealthcare has specific guidelines regarding Benefits for CHD services. Contact UnitedHealthcare at the number on your ID card for information about these guidelines.

The Plan pays Benefits for Congenital Heart Disease (CHD) services ordered by a Physician and received at a CHD Resource Services program. Benefits include the facility charge and the charge for supplies and equipment. Benefits are available for the following CHD services:

- outpatient diagnostic testing;
■ evaluation;
■ surgical interventions;
■ interventional cardiac catheterizations (insertion of a tubular device in the heart);
■ fetal echocardiograms (examination, measurement and diagnosis of the heart using ultrasound technology); and
■ approved fetal interventions.

CHD services other than those listed above are excluded from coverage, unless determined by the Claims Administrator to be proven procedures for the involved diagnoses. Contact CHD Resource Services at 1-888-936-7246 before receiving care for information about CHD services. More information is also available at www.myoptumhealthcomplexmedical.com.

If you receive Congenital Heart Disease services from a facility that is not a Designated Provider, the Plan pays Benefits as described under:

■ Physician Fees for Surgical and Medical Services;
■ Scopic Procedures - Outpatient Diagnostic and Therapeutic;
■ Therapeutic Treatments - Outpatient;
■ Hospital - Inpatient Stay; and
■ Surgery - Outpatient.

The Plan will only pay Benefits under the CHD program if CHD provides the proper notification to the Designated Provider performing the services (even if you self refer to a provider in that Network).

Note: The services described under Travel and Lodging are Covered Health Services only in connection with CHD services received at a Congenital Heart Disease Resource Services program.

Prior Authorization Requirement
For Non-Network Benefits, you must obtain prior authorization from the Claims Administrator as soon as the possibility of a CHD surgery arises.

If you fail to obtain prior authorization as required, Benefits will be reduced to 50% of Eligible Expenses.
Dental/Anesthesia Services – Hospital or Ambulatory Surgery Services

Benefits are available only if the Covered Person is a child under the age of 5, or the Covered Person has a chronic disability, or the Covered Person has a medical condition requiring hospitalization or general anesthesia for dental care.

Dental Services - Accident Only

Dental services are covered by the Plan when all of the following are true:

- treatment is necessary because of accidental damage;
- dental services are received from a Doctor of Dental Surgery or a Doctor of Medical Dentistry.
- the dental damage is severe enough that initial contact with a Physician or dentist occurs within 72 hours of the accident. (You may request an extension of this time period provided that you do so within 60 days of the Injury and if extenuating circumstances exist due to the severity of the Injury.)

Please note that dental damage that occurs as a result of normal activities of daily living or extraordinary use of the teeth is not considered having occurred as an accident. Benefits are not available for repairs to teeth that are damaged as a result of such activities.

The Plan also covers dental care (oral examination, X-rays, extractions and non-surgical elimination of oral infection) required for the direct treatment of a medical condition limited to:

- dental services related to medical transplant procedures;
- initiation of immunosuppressives (medication used to reduce inflammation and suppress the immune system); and
- direct treatment of acute traumatic Injury, cancer or cleft palate.

Dental services for final treatment to repair the damage caused by accidental Injury must be started within 3 months of the accident, or if not a Covered Person at the time of the accident, within the first three months of coverage under the Plan, unless extenuating circumstances exist (such as prolonged hospitalization or the presence of fixation wires from fracture care) and completed within 12 months of the accident, or if not a Covered Person at the time of the accident, within the first 12 months of coverage under the Plan.

The Plan pays for treatment of accidental Injury only for:

- emergency examination;
- necessary diagnostic x-rays;
- endodontic (root canal) treatment;
- temporary splinting of teeth;
prefabricated post and core;

Benefits also include medical eye exams (dilated retinal exams) and preventive foot care for diabetes.

*Diabetic Self-Management Items*

Insulin pumps and supplies and continuous glucose monitors for the management and treatment of diabetes, based upon your medical needs. An insulin pump is not subject to all the conditions of coverage stated under Durable Medical Equipment (DME). Benefits for blood glucose meters, insulin syringes with needles, blood glucose and urine test strips, ketone test strips and tablets and lancets and lancet devices are described in Section 15, Prescription Drugs.

Prior Authorization Requirement

For Non-Network Benefits, you must obtain prior authorization from the Claims Administrator before obtaining any DME for the management and treatment of diabetes that costs more than $1,000 (either retail purchase cost or cumulative retail rental cost of a single item). If you fail to obtain prior authorization as required, Benefits will be reduced to 50% of Eligible Expenses.

Diabetes Treatment

Benefits include diabetes equipment, supplies and expenses incurred by the installation and use of an insulin infusion pump and diabetes self-management education programs. Benefits include and are limited to one pump per calendar year.

Durable Medical Equipment (DME)

The Plan pays for Durable Medical Equipment (DME) that is:

- ordered or provided by a Physician for outpatient use;
- used for medical purposes;
not consumable or disposable;

not of use to a person in the absence of a Sickness, Injury or disability;

durable enough to withstand repeated use; and

appropriate for use in the home.

If more than one piece of DME can meet your functional needs, you will receive Benefits only for the most Cost-Effective piece of equipment. Benefits are provided for a single unit of DME (example: one insulin pump) and for repairs of that unit. Benefits for diabetes equipment that meet the definition of Durable Medical Equipment are subject to the limit stated under Diabetes Treatment.

Examples of DME include but are not limited to:

- equipment to administer oxygen;
- equipment to assist mobility, such as a standard wheelchair;
- Hospital beds;
- delivery pumps for tube feedings;
- negative pressure wound therapy pumps (wound vacuums);

- braces that stabilize an injured body part, including necessary adjustments to shoes to accommodate braces. Braces that stabilize an injured body part and braces to treat curvature of the spine are considered Durable Medical Equipment and are a Covered Health Service. Dental braces are excluded from coverage; and
- equipment for the treatment of chronic or acute respiratory failure or conditions.

The Plan also covers tubings, nasal cannulas, connectors and masks used in connection with DME.

Benefits also include speech aid devices and tracheo-esophageal voice devices required for treatment of severe speech impediment or lack of speech directly attributed to Sickness or Injury. Benefits for the purchase of speech aid devices and tracheo-esophageal voice devices are available only after completing a required three-month rental period. Benefits are limited as stated below.

*Note:* DME is different from prosthetic devices – see Prosthetic Devices in this section.
Benefits for speech aid devices and tracheo-esophageal voice devices are limited to the purchase of one device during the entire period of time a Covered Person is enrolled under the Plan.

Benefits are provided for the repair/replacement of a type of Durable Medical Equipment once every three calendar years. With the exception of diabetes equipment that meets the definition of Durable Medical Equipment benefits are subject to the limit stated under Diabetes Treatment.

At UnitedHealthcare's discretion, replacements are covered for damage beyond repair with normal wear and tear, when repair costs exceed new purchase price, or when a change in the Covered Person's medical condition occurs sooner than the three year timeframe. Repairs, including the replacement of essential accessories, such as hoses, tubes, mouth pieces, etc., for necessary DME are only covered when required to make the item/device serviceable and the estimated repair expense does not exceed the cost of purchasing or renting another item/device. Requests for repairs may be made at any time and are not subject to the three year timeline for replacement.

**Emergency Health Services - Outpatient**

The Plan's Emergency services Benefit pays for outpatient treatment at a Hospital or Alternate Facility when required to stabilize a patient or initiate treatment.

Network Benefits will be paid for an Emergency admission to a non-Network Hospital as long as the Claims Administrator is notified within two business days of the admission or on the same day of admission if reasonably possible after you are admitted to a non-Network Hospital. If you continue your stay in a non-Network Hospital after the date your Physician determines that it is medically appropriate to transfer you to a Network Hospital, Non-Network Benefits will apply.

| Note: |
| If you are confined in a non-Network Hospital after you receive outpatient Emergency Health Services, you must notify the Claims Administrator within two business days or on the same day of admission if reasonably possible. The Claims Administrator may elect to transfer you to a Network Hospital as soon as it is medically appropriate to do so. If you choose to stay in the non-Network Hospital after the date the Claims Administrator decides a transfer is medically appropriate, Network Benefits will not be provided. Non-Network Benefits may be available if the continued stay is determined to be a Covered Health Service. |
Hearing Aids

The Plan pays Benefits for hearing aids required for the correction of a hearing impairment (a reduction in the ability to perceive sound which may range from slight to complete deafness). Hearing aids are electronic amplifying devices designed to bring sound more effectively into the ear. A hearing aid consists of a microphone, amplifier and receiver.

Benefits are available for a hearing aid that is purchased as a result of a written recommendation by a Physician. Benefits are provided for the hearing aid and for charges for associated fitting and testing.

If more than one type of hearing aid can meet your functional needs, Benefits are available only for the hearing aid that meets the minimum specifications for your needs. If you purchase a hearing aid that exceeds these minimum specifications, the Plan will pay only the amount that the Plan would have paid for the hearing aid that meets the minimum specifications, and you will be responsible for paying any difference in cost.

Benefits do not include bone anchored hearing aids. Bone anchored hearing aids are a Covered Health Service for which Benefits are available under the applicable medical/surgical Covered Health Services categories in this section only for Covered Persons who have either of the following:

- Craniofacial anomalies whose abnormal or absent ear canals preclude the use of a wearable hearing aid.
- Hearing loss of sufficient severity that it would not be adequately remedied by a wearable hearing aid.

Benefits are limited to a single purchase (including repair/replacement) per hearing impaired ear every three calendar years.

Home Health Care

Covered Health Services are services that a Home Health Agency provides if you need care in your home due to the nature of your condition. Services must be:

- ordered by a Physician;
- provided by or supervised by a registered nurse in your home, or provided by either a home health aide or licensed practical nurse and supervised by a registered nurse;
- not considered Custodial Care, as defined in Section 14, Glossary; and
- provided on a part-time, Intermittent Care schedule when Skilled Care is required. Refer to Section 14, Glossary for the definition of Skilled Care.

The Claims Administrator will determine if Skilled Care is needed by reviewing both the skilled nature of the service and the need for Physician-directed medical management. A service will not be determined to be "skilled" simply because there is not an available caregiver.
Any combination of Network Benefits and Non-Network Benefits is limited to 60 visits per calendar year. One visit equals four hours of Skilled Care services. This visit limit does not include any service which is billed only for the administration of intravenous infusion.

**Prior Authorization Requirements**

**Prior Authorization Requirement**
For Non-Network Benefits, you must obtain prior authorization from the Claims Administrator five business days before admission for an Inpatient Stay in a hospice facility or as soon as reasonably possible. These are federally mandated requirements under the Newborns' and Mothers' Health Protection Act of 1996 which apply to this Plan. The Hospital or other provider is not required to get authorization for the time periods stated above. Authorizations are required for longer lengths of stay. If the mother agrees, the attending Physician may discharge the mother and/or the newborn child earlier than these minimum timeframes.

- evidence-based items or services that have in effect a rating of "A" or "B" in the current recommendations of the United States Preventive Services Task Force;
- immunizations that have in effect a recommendation from the Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention;
- with respect to infants, children and adolescents, evidence-informed preventive care and screenings provided for in the comprehensive guidelines supported by the Health Resources and Services Administration; and
- with respect to women, such additional preventive care and screenings as provided for in comprehensive guidelines supported by the Health Resources and Services Administration.

Preventive care Benefits defined under the Health Resources and Services Administration (HRSA) requirement include the cost of renting one breast pump per Pregnancy in conjunction with childbirth. Benefits for breast pumps also include the cost of purchasing one breast pump per Pregnancy in conjunction with childbirth. These Benefits are described under Section 5, Plan Highlights, under Covered Health Services.

If more than one breast pump can meet your needs, Benefits are available only for the most cost effective pump. UnitedHealthcare will determine the following:

- Which pump is the most cost effective;
- Whether the pump should be purchased or rented;
- Duration of a rental;
- Timing of an acquisition.

Benefits are only available if breast pumps are obtained from a DME provider or Physician.

For questions about your preventive care Benefits under this Plan call the number on the back of your ID card.

Benefits under this section are provided only for external prosthetic devices and do not include any device that is fully implanted into the body.

If more than one prosthetic device can meet your functional needs, Benefits are available only for the most Cost-Effective prosthetic device. The device must be ordered or provided either by a Physician, or under a Physician's direction. If you purchase a prosthetic device that exceeds these minimum specifications, the Plan may pay only the amount that it would have paid for the prosthetic that meets the minimum specifications, and you may be responsible for paying any difference in cost.

Benefits are provided for the replacement of a type of prosthetic device once every three calendar years.

At UnitedHealthcare's discretion, prosthetic devices may be covered for damage beyond repair with normal wear and tear, when repair costs are less than the cost of replacement or when a change in the Covered Person's medical condition occurs sooner than the three year timeframe. Replacement of artificial limbs or any part of such devices may be covered when the condition of the device or part requires repairs that cost more than the cost of a replacement device or part.

**Note:** Prosthetic devices are different from DME - see *Durable Medical Equipment (DME)* in this section.

**Prior Authorization Requirement**
For Non-Network Benefits you must obtain prior authorization from the Claims Administrator before obtaining prosthetic devices that exceed $1,000 in cost per device. If you fail to obtain prior authorization as required, Benefits will be reduced to 50% of Eligible Expenses.

**Reconstructive Procedures**
Reconstructive Procedures are services performed when the primary purpose of the procedure is either to treat a medical condition or to improve or restore physiologic function for an organ or body part. Reconstructive procedures include surgery or other procedures which are associated with an Injury, Sickness or Congenital Anomaly. The primary result of the procedure is not a changed or improved physical appearance.

Improving or restoring physiologic function means that the organ or body part is made to work better. An example of a Reconstructive Procedure is surgery on the inside of the nose so that a person's breathing can be improved or restored.
Benefits for Reconstructive Procedures include breast reconstruction following a mastectomy and reconstruction of the non-affected breast to achieve symmetry. Replacement of an existing breast implant is covered by the Plan if the initial breast implant followed mastectomy. Other services required by the Women's Health and Cancer Rights Act of 1998, including breast prostheses and treatment of complications, are provided in the same manner and at the same level as those for any other Covered Health Service. You can contact UnitedHealthcare at the telephone number on your ID card for more information about Benefits for mastectomy-related services.

There may be times when the primary purpose of a procedure is to make a body part work better. However, in other situations, the purpose of the same procedure is to improve the appearance of a body part. Cosmetic procedures are excluded from coverage. Procedures that correct an anatomical Congenital Anomaly without improving or restoring physiologic function are considered Cosmetic Procedures. A good example is upper eyelid surgery. At times, this procedure will be done to improve vision, which is considered a Reconstructive Procedure. In other cases, improvement in appearance is the primary intended purpose, which is considered a Cosmetic Procedure. This Plan does not provide Benefits for Cosmetic Procedures, as defined in Section 14, Glossary.

The fact that a Covered Person may suffer psychological consequences or socially avoidant behavior as a result of an Injury, Sickness or Congenital Anomaly does not classify surgery (or other procedures done to relieve such consequences or behavior) as a reconstructive procedure.

---

**Prior Authorization Requirement**
For Non-Network Benefits for:
- A scheduled Reconstructive Procedure, you must obtain prior authorization from the Claims Administrator five business days before a scheduled Reconstructive Procedure is performed.
- A non-scheduled Reconstructive Procedure, you must provide notification within one business day or as soon as is reasonably possible.

If you fail to obtain prior authorization from or provide notification to the Claims Administrator as required, Benefits will be reduced to 50% of Eligible Expenses.

In addition, for Non-Network Benefits, you must contact the Claims Administrator 24 hours before admission for scheduled admissions or as soon as is reasonably possible for non-scheduled admissions (including Emergency admissions).

**Rehabilitation Services - Outpatient Therapy and Manipulative Treatment**
The Plan provides short-term outpatient rehabilitation services (including habilitative services) limited to:
- physical therapy;
- occupational therapy;
- Manipulative Treatment;
speech therapy;
- post-cochlear implant aural therapy;
- cognitive rehabilitation therapy following a post-traumatic brain injury or stroke;
- pulmonary rehabilitation; and
- cardiac rehabilitation.

For all rehabilitation services, a licensed therapy provider, under the direction of a physician, (when required by state law) must perform the services. Benefits under this section include rehabilitative services provided in a physician's office or on an outpatient basis at a hospital or alternate facility. Rehabilitative services provided in a covered person's home by a home health agency are provided as described under home health care. Rehabilitative services provided in a covered person's home other than by a home health agency are provided as described under this section.

Benefits can be denied or shortened for covered persons who are not progressing in goal-directed rehabilitation services or if rehabilitation goals have previously been met. Benefits can be denied or shortened for covered persons who are not progressing in goal-directed manipulative treatment or if treatment goals have previously been met. Benefits under this section are not available for maintenance/preventive manipulative treatment.

**Habilitative Services**

For the purpose of this benefit, "habilitative services" means medically necessary skilled health care services that help a person keep, learn or improve skills and functioning for daily living. Habilitative services are skilled when all of the following are true:

- The services are part of a prescribed plan of treatment or maintenance program that is medically necessary to maintain a covered person's current condition or to prevent or slow further decline.
- It is ordered by a physician and provided and administered by a licensed provider.
- It is not delivered for the purpose of assisting with activities of daily living, including dressing, feeding, bathing or transferring from a bed to a chair.
- It requires clinical training in order to be delivered safely and effectively.
- It is not custodial care.

The claims administrator will determine if benefits are available by reviewing both the skilled nature of the service and the need for physician-directed medical management. Therapies provided for the purpose of general well-being or conditioning in the absence of a disabling condition are not considered habilitative services. A service will not be determined to be "skilled" simply because there is not an available caregiver.

Benefits are provided for habilitative services provided for covered persons with a disabling condition when both of the following conditions are met:
The treatment is administered by a licensed speech-language pathologist, licensed audiologist, licensed occupational therapist, licensed physical therapist or Physician.

The initial or continued treatment must be proven and not Experimental or Investigational.

Benefits for habilitative services do not apply to those services that are solely educational in nature or otherwise paid under state or federal law for purely educational services. Custodial Care, respite care, day care, therapeutic recreation, vocational training and Residential Treatment are not habilitative services. A service that does not help the Covered Person to meet functional goals in a treatment plan within a prescribed time frame is not a habilitative service.

The Plan may require that a treatment plan be provided, request medical records, clinical notes, or other necessary data to allow the Plan to substantiate that initial or continued medical treatment is needed. When the treating provider anticipates that continued treatment is or will be required to permit the Covered Person to achieve demonstrable progress, the Plan may request a treatment plan consisting of diagnosis, proposed treatment by type, frequency, anticipated duration of treatment, the anticipated goals of treatment, and how frequently the treatment plan will be updated.

Benefits for Durable Medical Equipment and prosthetic devices, when used as a component of habilitative services, are described under Durable Medical Equipment and Prosthetic Devices in this section.

For outpatient rehabilitation services for speech therapy, the Plan will pay Benefits for the treatment of disorders of speech, language, voice, communication and auditory processing only when the disorder results from Injury, stroke, cancer, or Congenital Anomaly. The Plan will pay Benefits for cognitive rehabilitation therapy only when Medically Necessary following a post-traumatic brain Injury or stroke.

Benefits are limited to:

- 20 visits per calendar year for physical therapy;
- 20 visits per calendar year for occupational therapy;
- 20 visits per calendar year for speech therapy;
- 20 visits per calendar year for cognitive rehabilitation therapy;
- 24 visits per calendar year for Manipulative Treatment;
- 30 visits per calendar year for post-cochlear implant aural therapy.
- 20 visits per calendar year for pulmonary rehabilitation therapy; and
- 36 visits per calendar year for cardiac rehabilitation therapy.

These visit limits apply to Network Benefits and Non-Network Benefits combined.

- Physician services for radiologists, anesthesiologists and pathologists.

Benefits are available when skilled nursing and/or Inpatient Rehabilitation Facility services are needed on a daily basis. Benefits are also available in a Skilled Nursing Facility or Inpatient Rehabilitation Facility for treatment of a Sickness or Injury that would have otherwise required an Inpatient Stay in a Hospital.

Benefits for other Physician services are described in this section under Physician Fees for Surgical and Medical Services.

UnitedHealthcare will determine if Benefits are available by reviewing both the skilled nature of the service and the need for Physician-directed medical management. A service will not be determined to be "skilled" simply because there is not an available caregiver.
Benefits are available only if:

- the initial confinement in a Skilled Nursing Facility or Inpatient Rehabilitation Facility was or will be a Cost Effective alternative to an Inpatient Stay in a Hospital; and
- you will receive skilled care services that are not primarily Custodial Care.

Skilled care is skilled nursing, skilled teaching, and skilled rehabilitation services when:

- it is delivered or supervised by licensed technical or professional medical personnel in order to obtain the specified medical outcome, and provide for the safety of the patient;
- it is ordered by a Physician;
- it is not delivered for the purpose of assisting with activities of daily living, including dressing, feeding, bathing or transferring from a bed to a chair; and
- it requires clinical training in order to be delivered safely and effectively.

You are expected to improve to a predictable level of recovery. Benefits can be denied or shortened for Covered Persons who are not progressing in goal-directed rehabilitation services or if discharge rehabilitation goals have previously been met.

**Note:** The Plan does not pay Benefits for Custodial Care or Domiciliary Care, even if ordered by a Physician, as defined in Section 14, *Glossary.*

*HealtheNotes℠*

UnitedHealthcare provides a service called HealtheNotes to help educate members and make suggestions regarding your medical care. HealtheNotes provides you and your
Physician with suggestions regarding preventive care, testing or medications, potential interactions with medications you have been prescribed, and certain treatments. In addition, your HealtheNotes report may include health tips and other wellness information.

UnitedHealthcare makes these suggestions through a software program that provides retrospective, claims-based identification of medical care. Through this process patients are identified whose care may benefit from suggestions using the established standards of evidence based medicine as described in Section 14, Glossary under the definition of Covered Health Services.

If your Physician identifies any concerns after reviewing his or her HealtheNotes report, he or she may contact you if he or she believes it to be appropriate. In addition, you may use the information in your report to engage your Physician in discussions regarding your health and the identified suggestions. Any decisions regarding your care, though, are always between you and your Physician.

If you have questions or would like additional information about this service, please call the number on the back of your ID card.

Please review all limits carefully, as the Plan will not pay Benefits for any of the services, treatments, items or supplies that exceed these benefit limits.

SECTION 9 - CLAIMS PROCEDURES

What this section includes:
- How Network and non-Network claims work; and
- What to do if your claim is denied, in whole or in part.

Network Benefits

In general, if you receive Covered Health Services from a Network provider, UnitedHealthcare will pay the Physician or facility directly. If a Network provider bills you for any Covered Health Service other than your Coinsurance, please contact the provider or call UnitedHealthcare at the phone number on your ID card for assistance.

Keep in mind, you are responsible for meeting the Annual Deductible and paying any Coinsurance owed to a Network provider at the time of service, or when you receive a bill from the provider.

Non-Network Benefits

If you receive a bill for Covered Health Services from a non-Network provider, you (or the provider if they prefer) must send the bill to UnitedHealthcare for processing. To make sure the claim is processed promptly and accurately, a completed claim form must be attached and mailed to UnitedHealthcare at the address on the back of your ID card.

Prescription Drug Benefit Claims

If you wish to receive reimbursement for a prescription, you may submit a post-service claim as described in this section if:

- you are asked to pay the full cost of the Prescription Drug when you fill it and you believe that the Plan should have paid for it; or
- you pay a Copay and you believe that the amount of the Copay was incorrect.

If a pharmacy (retail or mail order) fails to fill a prescription that you have presented and you believe that it is a Covered Health Service, you may submit a pre-service request for Benefits as described in this section.

If Your Provider Does Not File Your Claim

You can obtain a claim form by visiting www.myuhc.com, calling the number on your ID card or contacting Human Resources. If you do not have a claim form, simply attach a brief letter of explanation to the bill, and verify that the bill contains the information listed below. If any of these items are missing from the bill, you can include them in your letter:

- Your name and address.
- The patient's name, age and relationship to the Participant.
The number as shown on your ID card.

The name, address and tax identification number of the provider of the service(s).

A diagnosis from the Physician.

The date of service.

An itemized bill from the provider that includes:

- A description of, and the charge for, each service.
- The date the Sickness or Injury began.
- A statement indicating either that you are, or you are not, enrolled for coverage under any other health insurance plan or program. If you are enrolled for other coverage you must include the name and address of the other carrier(s).

Failure to provide all the information listed above may delay any reimbursement that may be due you.

For medical claims, the above information should be filed with UnitedHealthcare at the address on your ID card. When filing a claim for outpatient Prescription Drug Benefits, submit your claim to the pharmacy benefit manager claims address noted on your ID card.

After UnitedHealthcare has processed your claim, you will receive payment for Benefits that the Plan allows. It is your responsibility to pay the non-Network provider the charges you incurred, including any difference between what you were billed and what the Plan paid.

**Payment of Benefits**

When you assign your Benefits under the Plan to a non-Network provider with UnitedHealthcare's consent, and the non-Network provider submits a claim for payment, you and the non-Network provider represent and warrant that the Covered Health Services were actually provided and were medically appropriate.

To be recognized as a valid assignment of Benefits under the Plan, the assignment must reflect the Covered Person's agreement that the non-Network provider will be entitled to all the Covered Person's rights under the Plan and applicable state and federal laws, including legally required notices and procedural reviews concerning the Covered Person's Benefits, and that the Covered Person will no longer be entitled to those rights. If an assignment form does not comply with this requirement, but directs that your benefit payment should be made directly to the provider, UnitedHealthcare may in its discretion make payment of the benefits directly to the provider for your convenience, but will treat you, rather than the provider, as the beneficiary of your claim. If Benefits are assigned or payment to a non-Network provider is made, City of Appleton reserves the right to offset Benefits to be paid to the provider by any amounts that the provider owes City of Appleton (including amounts owed as a result of the assignment of other plans' overpayment recovery rights to the Plan) pursuant to *Refund of Overpayments* in Section 10, *Coordination of Benefits*. 
UnitedHealthcare will pay Benefits to you unless:

- The provider submits a claim form to UnitedHealthcare that you have provided signed authorization to assign Benefits directly to that provider.
- You make a written request for the non-Network provider to be paid directly at the time you submit your claim.

UnitedHealthcare will only pay Benefits to you or, with written authorization by you, your Provider, and not to a third party, even if your provider purports to have assigned Benefits to that third party.

**Form of Payment of Benefits**

Payment of Benefits under the Plan shall be in cash or cash equivalents, or in the form of other consideration that UnitedHealthcare in its discretion determines to be adequate. Where Benefits are payable directly to a provider, such adequate consideration includes the forgiveness in whole or in part of amounts the provider owes to other plans for which UnitedHealthcare makes payments, where the Plan has taken an assignment of the other plans’ recovery rights for value.

**Health Statements**

Each month in which UnitedHealthcare processes at least one claim for you or a covered Dependent, you will receive a Health Statement in the mail. Health Statements make it easy for you to manage your family’s medical costs by providing claims information in easy-to-understand terms.

If you would rather track claims for yourself and your covered Dependents online, you may do so at [www.myuhc.com](http://www.myuhc.com). You may also elect to discontinue receipt of paper Health Statements by making the appropriate selection on this site.

**Explanation of Benefits (EOB)**

You may request that UnitedHealthcare send you a paper copy of an Explanation of Benefits (EOB) after processing the claim. The EOB will let you know if there is any portion of the claim you need to pay. If any claims are denied in whole or in part, the EOB will include the reason for the denial or partial payment. If you would like paper copies of the EOBs, you may call the toll-free number on your ID card to request them. You can also view and print all of your EOBs online at [www.myuhc.com](http://www.myuhc.com). See Section 14, *Glossary* for the definition of Explanation of Benefits.
Important - Timely Filing of Non-Network Claims
All claim forms for non-Network services must be submitted within 12 months after the date of service. Otherwise, the Plan will not pay any Benefits for that Eligible Expense, or Benefits will be reduced, as determined by City of Appleton. This 12-month requirement does not apply if you are legally incapacitated. If your claim relates to an Inpatient Stay, the date of service is the date your Inpatient Stay ends.

Claim Denials and Appeals

If Your Claim is Denied
If a claim for Benefits is denied in part or in whole, you may call UnitedHealthcare at the number on your ID card before requesting a formal appeal. If UnitedHealthcare cannot resolve the issue to your satisfaction over the phone, you have the right to file a formal appeal as described below.

How to Appeal a Denied Claim
If you wish to appeal a denied pre-service request for Benefits, post-service claim or a rescission of coverage as described below, you or your authorized representative must submit your appeal in writing within 180 days of receiving the adverse benefit determination. You do not need to submit urgent care appeals in writing. This communication should include:

- the patient's name and ID number as shown on the ID card;
- the provider's name;
- the date of medical service;
- the reason you disagree with the denial; and
- any documentation or other written information to support your request.

You or your authorized representative may send a written request for an appeal to:

UnitedHealthcare - Appeals
P.O. Box 30432
Salt Lake City, UT 84130-0432

For urgent care requests for Benefits that have been denied, you or your provider can call UnitedHealthcare at the toll-free number on your ID card to request an appeal.
Types of claims
The timing of the claims appeal process is based on the type of claim you are appealing. If you wish to appeal a claim, it helps to understand whether it is an:
- urgent care request for Benefits;
- pre-service request for Benefits;
- post-service claim; or
- concurrent claim.

Review of an Appeal
UnitedHealthcare will conduct a full and fair review of your appeal. The appeal may be reviewed by:
- an appropriate individual(s) who did not make the initial benefit determination; and
- a health care professional with appropriate expertise who was not consulted during the initial benefit determination process.

Once the review is complete, if UnitedHealthcare upholds the denial, you will receive a written explanation of the reasons and facts relating to the denial.

Filing a Second Appeal
Your Plan offers two levels of appeal. If you are not satisfied with the first level appeal decision, you have the right to request a second level appeal from City of Appleton within 60 days from receipt of the first level appeal determination.

Note: Upon written request and free of charge, any Covered Persons may examine documents relevant to their claim and/or appeals and submit opinions and comments. City of Appleton will review all claims in accordance with the rules established by the U.S. Department of Labor.

Federal External Review Program
If, after exhausting your internal appeals, you are not satisfied with the determination made by City of Appleton, or if City of Appleton fails to respond to your appeal in accordance with applicable regulations regarding timing, you may be entitled to request an external review of City of Appleton's determination. The process is available at no charge to you.

If one of the above conditions is met, you may request an external review of adverse benefit determinations based upon any of the following:
- clinical reasons;
- the exclusions for Experimental or Investigational Services or Unproven Services;
- rescission of coverage (coverage that was cancelled or discontinued retroactively); or
- as otherwise required by applicable law.
You or your representative may request a standard external review by sending a written request to the address set out in the determination letter. You or your representative may request an expedited external review, in urgent situations as detailed below, by calling the toll-free number on your ID card or by sending a written request to the address set out in the determination letter. A request must be made within four months after the date you received City of Appleton's decision.

An external review request should include all of the following:

- a specific request for an external review;
- the Covered Person's name, address, and insurance ID number;
- your designated representative's name and address, when applicable;
- the service that was denied; and
- any new, relevant information that was not provided during the internal appeal.

An external review will be performed by an Independent Review Organization (IRO). UnitedHealthcare has entered into agreements with three or more IROs that have agreed to perform such reviews. There are two types of external reviews available:

- a standard external review; and
- an expedited external review.

**Standard External Review**

A standard external review is comprised of all of the following:

- a preliminary review by UnitedHealthcare of the request;
- a referral of the request by UnitedHealthcare to the IRO; and
- a decision by the IRO.

Within the applicable timeframe after receipt of the request, UnitedHealthcare will complete a preliminary review to determine whether the individual for whom the request was submitted meets all of the following:

- is or was covered under the Plan at the time the health care service or procedure that is at issue in the request was provided;
- has exhausted the applicable internal appeals process; and
- has provided all the information and forms required so that UnitedHealthcare may process the request.

After UnitedHealthcare completes the preliminary review, UnitedHealthcare will issue a notification in writing to you. If the request is eligible for external review, UnitedHealthcare will assign an IRO to conduct such review. UnitedHealthcare will assign requests by either rotating claims assignments among the IROs or by using a random selection process.
The IRO will notify you in writing of the request's eligibility and acceptance for external review. You may submit in writing to the IRO within ten business days following the date of receipt of the notice additional information that the IRO will consider when conducting the external review. The IRO is not required to, but may, accept and consider additional information submitted by you after ten business days.

UnitedHealthcare will provide to the assigned IRO the documents and information considered in making City of Appleton's determination. The documents include:

- all relevant medical records;
- all other documents relied upon by City of Appleton; and
- all other information or evidence that you or your Physician submitted. If there is any information or evidence you or your Physician wish to submit that was not previously provided, you may include this information with your external review request and UnitedHealthcare will include it with the documents forwarded to the IRO.

In reaching a decision, the IRO will review the claim anew and not be bound by any decisions or conclusions reached by City of Appleton. The IRO will provide written notice of its determination (the "Final External Review Decision") within 45 days after it receives the request for the external review (unless they request additional time and you agree). The IRO will deliver the notice of Final External Review Decision to you and UnitedHealthcare, and it will include the clinical basis for the determination.

Upon receipt of a Final External Review Decision reversing City of Appleton determination, the Plan will immediately provide coverage or payment for the benefit claim at issue in accordance with the terms and conditions of the Plan, and any applicable law regarding plan remedies. If the Final External Review Decision is that payment or referral will not be made, the Plan will not be obligated to provide Benefits for the health care service or procedure.

**Expedited External Review**

An expedited external review is similar to a standard external review. The most significant difference between the two is that the time periods for completing certain portions of the review process are much shorter, and in some instances you may file an expedited external review before completing the internal appeals process.

You may make a written or verbal request for an expedited external review if you receive either of the following:

- an adverse benefit determination of a claim or appeal if the adverse benefit determination involves a medical condition for which the time frame for completion of an expedited internal appeal would seriously jeopardize the life or health of the individual or would jeopardize the individual's ability to regain maximum function and you have filed a request for an expedited internal appeal; or
- a final appeal decision, if the determination involves a medical condition where the timeframe for completion of a standard external review would seriously jeopardize the life or health of the individual or would jeopardize the individual's ability to regain
maximum function, or if the final appeal decision concerns an admission, availability of care, continued stay, or health care service, procedure or product for which the individual received emergency services, but has not been discharged from a facility.

Immediately upon receipt of the request, UnitedHealthcare will determine whether the individual meets both of the following:

- is or was covered under the Plan at the time the health care service or procedure that is at issue in the request was provided.
- has provided all the information and forms required so that UnitedHealthcare may process the request.

After UnitedHealthcare completes the review, UnitedHealthcare will immediately send a notice in writing to you. Upon a determination that a request is eligible for expedited external review, UnitedHealthcare will assign an IRO in the same manner UnitedHealthcare utilizes to assign standard external reviews to IROs. UnitedHealthcare will provide all necessary documents and information considered in making the adverse benefit determination or final adverse benefit determination to the assigned IRO electronically or by telephone or facsimile or any other available expeditious method. The IRO, to the extent the information or documents are available and the IRO considers them appropriate, must consider the same type of information and documents considered in a standard external review.

In reaching a decision, the IRO will review the claim anew and not be bound by any decisions or conclusions reached by City of Appleton. The IRO will provide notice of the final external review decision for an expedited external review as expeditiously as the claimant's medical condition or circumstances require, but in no event more than 72 hours after the IRO receives the request. If the initial notice is not in writing, within 48 hours after the date of providing the initial notice, the assigned IRO will provide written confirmation of the decision to you and to UnitedHealthcare.

You may contact UnitedHealthcare at the toll-free number on your ID card for more information regarding external review rights, or if making a verbal request for an expedited external review.

**Timing of Appeals Determinations**

Separate schedules apply to the timing of claims appeals, depending on the type of claim. There are three types of claims:

- urgent care request for Benefits - a request for Benefits provided in connection with urgent care services;
- Pre-Service request for Benefits - a request for Benefits which the Plan must approve or in which you must notify UnitedHealthcare before non-urgent care is provided; and
- Post-Service - a claim for reimbursement of the cost of non-urgent care that has already been provided.
Please note that the Claims Administrator's decision is based only on whether or not Benefits are available under the Plan for the proposed treatment or procedure. The determination as to whether the pending health service is necessary or appropriate is between you and your Physician.

You may have the right to external review through an Independent Review Organization (IRO) upon the completion of the internal appeal process. Instructions regarding any such rights, and how to access those rights, will be provided in the Claims Administrator's decision letter to you.

The tables below describe the time frames which you and UnitedHealthcare are required to follow.

**Concurrent Care Claims**

If an on-going course of treatment was previously approved for a specific period of time or number of treatments, and your request to extend the treatment is an urgent care request for Benefits as defined above, your request will be decided within 24 hours, provided your request is made at least 24 hours prior to the end of the approved treatment. UnitedHealthcare will make a determination on your request for the extended treatment within 24 hours from receipt of your request.

If your request for extended treatment is not made at least 24 hours prior to the end of the approved treatment, the request will be treated as an urgent care request for Benefits and decided according to the timeframes described above. If an on-going course of treatment was previously approved for a specific period of time or number of treatments, and you request to extend treatment in a non-urgent circumstance, your request will be considered a new request and decided according to post-service or pre-service timeframes, whichever applies.

**Limitation of Action**

You cannot bring any legal action against City of Appleton or the Claims Administrator to recover reimbursement until 90 days after you have properly submitted a request for reimbursement as described in this section and all required reviews of your claim have been completed. If you want to bring a legal action against City of Appleton or the Claims Administrator, you must do so within three years from the expiration of the time period in which a request for reimbursement must be submitted or you lose any rights to bring such an action against City of Appleton or the Claims Administrator.

You cannot bring any legal action against City of Appleton or the Claims Administrator for any other reason unless you first complete all the steps in the appeal process described in this section. After completing that process, if you want to bring a legal action against City of
Appleton or the Claims Administrator you must do so within three years of the date you are notified of the final decision on your appeal or you lose any rights to bring such an action against City of Appleton or the Claims Administrator.
SECTION 10 - COORDINATION OF BENEFITS (COB)

What this section includes:
- How your Benefits under this Plan coordinate with other medical plans;
- How coverage is affected if you become eligible for Medicare; and
- Procedures in the event the Plan overpays Benefits.

Coordination of Benefits (COB) applies to you if you are covered by more than one health benefits plan, including any one of the following:
- another employer sponsored health benefits plan;
- a medical component of a group long-term care plan, such as skilled nursing care;
- no-fault or traditional "fault" type medical payment benefits or personal injury protection benefits under an auto insurance policy;
- medical payment benefits under any premises liability or other types of liability coverage; or
- Medicare or other governmental health benefit.

If coverage is provided under two or more plans, COB determines which plan is primary and which plan is secondary. The plan considered primary pays its benefits first, without regard to the possibility that another plan may cover some expenses. Any remaining expenses may be paid under the other plan, which is considered secondary. The secondary plan may determine its benefits based on the benefits paid by the primary plan. How much this Plan will reimburse you, if anything, will also depend in part on the allowable expense. The term, “allowable expense,” is further explained below.

Don't forget to update your Dependents’ Medical Coverage Information
Avoid delays on your Dependent claims by updating your Dependent's medical coverage information. Just log on to www.myuhc.com or call the toll-free number on your ID card to update your COB information. You will need the name of your Dependent's other medical coverage, along with the policy number.

Determining Which Plan is Primary

Order of Benefit Determination Rules
If you are covered by two or more plans, the benefit payment follows the rules below in this order:
- this Plan will always be secondary to medical payment coverage or personal injury protection coverage under any auto liability or no-fault insurance policy;
- when you have coverage under two or more medical plans and only one has COB provisions, the plan without COB provisions will pay benefits first;
- a plan that covers a person as an employee pays benefits before a plan that covers the person as a dependent;

- if you are receiving COBRA continuation coverage under another employer plan, this Plan will pay Benefits first;

- your dependent children will receive primary coverage from the parent whose birth date occurs first in a calendar year. If both parents have the same birth date, the plan that pays benefits first is the one that has been in effect the longest. This birthday rule applies only if:
  - the parents are married or living together whether or not they have ever been married and not legally separated; or
  - a court decree awards joint custody without specifying that one party has the responsibility to provide health care coverage;

- if two or more plans cover a dependent child of divorced or separated parents and if there is no court decree stating that one parent is responsible for health care, the child will be covered under the plan of:
  - the parent with custody of the child; then
  - the Spouse of the parent with custody of the child; then
  - the parent not having custody of the child; then
  - the Spouse of the parent not having custody of the child;

- plans for active employees pay before plans covering laid-off or retired employees;

- the plan that has covered the individual claimant the longest will pay first; and

- finally, if none of the above rules determines which plan is primary or secondary, the allowable expenses shall be shared equally between the plans meeting the definition of Plan. In addition, this Plan will not pay more than it would have paid had it been the primary Plan.

The following examples illustrate how the Plan determines which plan pays first and which plan pays second.

**Determining Primary and Secondary Plan – Examples**

1) Let's say you and your Spouse both have family medical coverage through your respective employers. You are unwell and go to see a Physician. Since you're covered as a Participant under this Plan, and as a Dependent under your Spouse's plan, this Plan will pay Benefits for the Physician's office visit first.

2) Again, let's say you and your Spouse both have family medical coverage through your respective employers. You take your Dependent child to see a Physician. This Plan will look at your birthday and your Spouse's birthday to determine which plan pays first. If you were born on June 11 and your Spouse was born on May 30, your Spouse's plan will pay first.
When This Plan is Secondary

If this Plan is secondary, it determines the amount it will pay for a Covered Health Service by following the steps below.

- The Plan determines the amount it would have paid based on the allowable expense.
- The Plan pays the entire difference between the allowable expense and the amount paid by the primary plan – as long as this amount is not more than the Plan would have paid had it been the only plan involved.

You will be responsible for any Copay, Coinsurance or Deductible payments as part of the COB payment. The maximum combined payment you may receive from all plans cannot exceed 100% of the allowable expense.

Determining the Allowable Expense If This Plan is Secondary

What is an allowable expense?
For purposes of COB, an allowable expense is a health care expense that is covered at least in part by one of the health benefit plans covering you.

When the provider is a Network provider for both the primary plan and this Plan, the allowable expense is the primary plan's network rate. When the provider is a network provider for the primary plan and a non-Network provider for this Plan, the allowable expense is the primary plan's network rate. When the provider is a non-Network provider for the primary plan and a Network provider for this Plan, the allowable expense is the reasonable and customary charges allowed by the primary plan. When the provider is a non-Network provider for both the primary plan and this Plan, the allowable expense is the greater of the two Plans' reasonable and customary charges. If this plan is secondary to Medicare, please also refer to the discussion in the section below, titled Determining the Allowable Expense When This Plan is Secondary to Medicare.

When a Covered Person Qualifies for Medicare

Determining Which Plan is Primary

As permitted by law, this Plan will pay Benefits second to Medicare when you become eligible for Medicare, even if you don’t elect it. There are, however, Medicare-eligible individuals for whom the Plan pays Benefits first and Medicare pays benefits second:

- employees with active current employment status age 65 or older and their Spouses age 65 or older;
- individuals with end-stage renal disease, for a limited period of time; and
- disabled individuals under age 65 with current employment status and their Dependents under age 65.
**Determining the Allowable Expense When This Plan is Secondary to Medicare**

If this Plan is secondary to Medicare, the Medicare approved amount is the allowable expense, as long as the provider accepts reimbursement directly from Medicare. If the provider accepts reimbursement directly from Medicare, the Medicare approved amount is the charge that Medicare has determined that it will recognize and which it reports on an "explanation of Medicare benefits" issued by Medicare (the "EOMB") for a given service. Medicare typically reimburses such providers a percentage of its approved charge – often 80%.

If the provider does not accept assignment of your Medicare benefits, the Medicare limiting charge (the most a provider can charge you if they don't accept Medicare – typically 115% of the Medicare approved amount) will be the allowable expense. Medicare payments, combined with Plan Benefits, will not exceed 100% of the allowable expense.

If you are eligible for, but not enrolled in, Medicare, and this Plan is secondary to Medicare, or if you have enrolled in Medicare but choose to obtain services from a provider that does not participate in the Medicare program, (as opposed to a provider who does not accept assignment of Medicare benefits), Benefits will be paid on a secondary basis under this Plan and will be determined as if you timely enrolled in Medicare and obtained services from a Medicare participating provider.

When calculating the Plan's Benefits in these situations, and when Medicare does not issue an EOMB, for administrative convenience UnitedHealthcare will treat the provider's billed charges for covered services as the allowable expense for both the Plan and Medicare, rather than the Medicare approved amount or Medicare limiting charge.

**Medicare Crossover Program**

The Plan offers a Medicare Cross-over program for Medicare Part A and Part B and Durable Medical Equipment (DME) claims. Under this program, you no longer have to file a separate claim with the Plan to receive secondary benefits for these expenses. Your Dependent will also have this automated crossover, as long as he or she is eligible for Medicare and this Plan is your only secondary medical coverage.

Once the Medicare Part A and Part B and DME carriers have reimbursed your health care provider, the Medicare carrier will electronically submit the necessary information to the Claims Administrator to process the balance of your claim under the provisions of this Plan.

You can verify that the automated cross-over took place when your copy of the explanation of Medicare benefits (EOMB) states your claim has been forwarded to your secondary carrier.

This cross-over process does not apply to expenses that Medicare does not cover. You must go on to file claims for these expenses.

For information about enrollment or if you have questions about the program, call the telephone number listed on the back of your ID card.
Right to Receive and Release Needed Information

Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits payable under this Plan and other plans. UnitedHealthcare may get the facts needed from, or give them to, other organizations or persons for the purpose of applying these rules and determining benefits payable under this Plan and other plans covering the person claiming benefits.

UnitedHealthcare does not need to tell, or get the consent of, any person to do this. Each person claiming benefits under this Plan must give UnitedHealthcare any facts needed to apply those rules and determine benefits payable. If you do not provide UnitedHealthcare the information needed to apply these rules and determine the Benefits payable, your claim for Benefits will be denied.

Overpayment and Underpayment of Benefits

If you are covered under more than one medical plan, there is a possibility that the other plan will pay a benefit that the Plan should have paid. If this occurs, the Plan may pay the other plan the amount owed.

If the Plan pays you more than it owes under this COB provision, you should pay the excess back promptly. Otherwise, the Company may recover the amount in the form of salary, wages, or benefits payable under any Company-sponsored benefit plans, including this Plan. The Company also reserves the right to recover any overpayment by legal action or offset payments on future Eligible Expenses.

If the Plan overpays a health care provider, UnitedHealthcare reserves the right to recover the excess amount from the provider pursuant to Refund of Overpayments, below.

Refund of Overpayments

If the Plan pays for Benefits for expenses incurred on account of a Covered Person, that Covered Person, or any other person or organization that was paid, must make a refund to the Plan if:

■ the Plan’s obligation to pay Benefits was contingent on the expenses incurred being legally owed and paid by the Covered Person, but all or some of the expenses were not paid by the Covered Person or did not legally have to be paid by the Covered Person;

■ all or some of the payment the Plan made exceeded the Benefits under the Plan; or

■ all or some of the payment was made in error.

The amount that must be refunded equals the amount the Plan paid in excess of the amount that should have been paid under the Plan. If the refund is due from another person or organization, the Covered Person agrees to help the Plan get the refund when requested.

If the refund is due from the Covered Person and the Covered Person does not promptly refund the full amount owed, the Plan may recover the overpayment by reallocating the overpaid amount to pay, in whole or in part, future Benefits for the Covered Person that are
payable under the Plan. If the refund is due from a person or organization other than the Covered Person, the Plan may recover the overpayment by reallocating the overpaid amount to pay, in whole or in part, (i) future Benefits that are payable in connection with services provided to other Covered Persons under the Plan; or (ii) future benefits that are payable in connection with services provided to persons under other plans for which UnitedHealthcare makes payments, pursuant to a transaction in which the Plan’s overpayment recovery rights are assigned to such other plans in exchange for such plans’ remittance of the amount of the reallocated payment. The reallocated payment amount will equal the amount of the required refund or, if less than the full amount of the required refund, will be deducted from the amount of refund owed to the Plan. The Plan may have other rights in addition to the right to reallocate overpaid amounts and other enumerated rights, including the right to commence a legal action.
SECTION 11 - SUBROGATION AND REIMBURSEMENT

The Plan has a right to subrogation and reimbursement. References to “you” or “your” in this Subrogation and Reimbursement section shall include you, your estate and your heirs and beneficiaries unless otherwise stated.

Subrogation applies when the plan has paid Benefits on your behalf for a Sickness or Injury for which any third party is allegedly responsible. The right to subrogation means that the Plan is substituted to and shall succeed to any and all legal claims that you may be entitled to pursue against any third party for the Benefits that the Plan has paid that are related to the Sickness or Injury for which any third party is considered responsible.

**Subrogation – Example**
Suppose you are injured in a car accident that is not your fault, and you receive Benefits under the Plan to treat your injuries. Under subrogation, the Plan has the right to take legal action in your name against the driver who caused the accident and that driver's insurance carrier to recover the cost of those Benefits.

The right to reimbursement means that if it is alleged that any third party caused or is responsible for a Sickness or Injury for which you receive a settlement, judgment, or other recovery from any third party, you must use those proceeds to fully return to the Plan 100% of any Benefits you receive for that Sickness or Injury. The right of reimbursement shall apply to any Benefits received at any time until the rights are extinguished, resolved or waived in writing.

**Reimbursement – Example**
Suppose you are injured in a boating accident that is not your fault, and you receive Benefits under the Plan as a result of your injuries. In addition, you receive a settlement in a court proceeding from the individual who caused the accident. You must use the settlement funds to return to the plan 100% of any Benefits you received to treat your injuries.

The following persons and entities are considered third parties:

- A person or entity alleged to have caused you to suffer a Sickness, Injury or damages, or who is legally responsible for the Sickness, Injury or damages.

- Any insurer or other indemnifier of any person or entity alleged to have caused or who caused the Sickness, Injury or damages.

- The Plan Sponsor in a workers’ compensation case or other matter alleging liability.

- Any person or entity who is or may be obligated to provide Benefits or payments to you, including Benefits or payments for underinsured or uninsured motorist protection, no-fault or traditional auto insurance, medical payment coverage (auto, homeowners or otherwise), workers’ compensation coverage, other insurance carriers or third party administrators.
■ Any person or entity against whom you may have any claim for professional and/or legal malpractice arising out of or connected to a Sickness or Injury you allege or could have alleged were the responsibility of any third party.

■ Any person or entity that is liable for payment to you on any equitable or legal liability theory.

You agree as follows:

■ You will cooperate with the Plan in protecting its legal and equitable rights to subrogation and reimbursement in a timely manner, including, but not limited to:
  - Notifying the Plan, in writing, of any potential legal claim(s) you may have against any third party for acts which caused Benefits to be paid or become payable.
  - Providing any relevant information requested by the Plan.
  - Signing and/or delivering such documents as the Plan or its agents reasonably request to secure the subrogation and reimbursement claim.
  - Responding to requests for information about any accident or injuries.
  - Making court appearances.
  - Obtaining the Plan’s consent or its agents' consent before releasing any party from liability or payment of medical expenses.
  - Complying with the terms of this section.

Your failure to cooperate with the Plan is considered a breach of contract. As such, the Plan has the right to terminate your Benefits, deny future Benefits, take legal action against you, and/or set off from any future Benefits the value of Benefits the Plan has paid relating to any Sickness or Injury alleged to have been caused or caused by any third party to the extent not recovered by the Plan due to you or your representative not cooperating with the Plan. If the Plan incurs attorneys' fees and costs in order to collect third party settlement funds held by you or your representative, the Plan has the right to recover those fees and costs from you. You will also be required to pay interest on any amounts you hold which should have been returned to the Plan.

■ The Plan has a first priority right to receive payment on any claim against any third party before you receive payment from that third party. Further, the Plan’s first priority right to payment is superior to any and all claims, debts or liens asserted by any medical providers, including but not limited to hospitals or emergency treatment facilities, that assert a right to payment from funds payable from or recovered from an allegedly responsible third party and/or insurance carrier.

■ The Plan’s subrogation and reimbursement rights apply to full and partial settlements, judgments, or other recoveries paid or payable to you or your representative, your estate, your heirs and beneficiaries, no matter how those proceeds are captioned or characterized. Payments include, but are not limited to, economic, non-economic, pecuniary, consortium and punitive damages. The Plan is not required to help you to pursue your claim for damages or personal injuries and no amount of associated costs, including attorneys’ fees, shall be deducted from the Plan’s recovery without the Plan’s express written consent. No so-called "Fund Doctrine" or "Common Fund Doctrine" or "Attorney’s Fund Doctrine" shall defeat this right.
Regardless of whether you have been fully compensated or made whole, the Plan may collect from you the proceeds of any full or partial recovery that you or your legal representative obtain, whether in the form of a settlement (either before or after any determination of liability) or judgment, no matter how those proceeds are captioned or characterized. Proceeds from which the Plan may collect include, but are not limited to, economic, non-economic, and punitive damages. No "collateral source" rule, any "Made-Whole Doctrine" or "Make-Whole Doctrine," claim of unjust enrichment, nor any other equitable limitation shall limit the Plan’s subrogation and reimbursement rights.

Benefits paid by the Plan may also be considered to be Benefits advanced.

If you receive any payment from any party as a result of Sickness or Injury, and the Plan alleges some or all of those funds are due and owed to the Plan, you and/or your representative shall hold those funds in trust, either in a separate bank account in your name or in your representative's trust account.

By participating in and accepting Benefits from the Plan, you agree that (i) any amounts recovered by you from any third party shall constitute Plan assets to the extent of the amount of Plan Benefits provided on behalf of the Covered Person, (ii) you and your representative shall be fiduciaries of the Plan (within the meaning of ERISA) with respect to such amounts, and (iii) you shall be liable for and agree to pay any costs and fees (including reasonable attorney fees) incurred by the Plan to enforce its reimbursement rights.

The Plan’s rights to recovery will not be reduced due to your own negligence.

By participating in and accepting Benefits from the Plan, you agree to assign to the Plan any Benefits, claims or rights of recovery you have under any automobile policy - including no-fault Benefits, PIP Benefits and/or medical payment Benefits - other coverage or against any third party, to the full extent of the Benefits the Plan has paid for the Sickness or Injury. By agreeing to provide this assignment in exchange for participating in and accepting Benefits, you acknowledge and recognize the Plan’s right to assert, pursue and recover on any such claim, whether or not you choose to pursue the claim, and you agree to this assignment voluntarily.

The Plan may, at its option, take necessary and appropriate action to preserve its rights under these provisions, including but not limited to, providing or exchanging medical payment information with an insurer, the insurer’s legal representative or other third party; filing an ERISA reimbursement lawsuit to recover the full amount of medical Benefits you receive for the Sickness or Injury out of any settlement, judgment or other recovery from any third party considered responsible and filing suit in your name or your estate’s name, which does not obligate the Plan in any way to pay you part of any recovery the Plan might obtain. Any ERISA reimbursement lawsuit stemming from a refusal to refund Benefits as required under the terms of the Plan is governed by a six-year statute of limitations.

You may not accept any settlement that does not fully reimburse the Plan, without its written approval.

The Plan has the authority and discretion to resolve all disputes regarding the interpretation of the language stated herein.
In the case of your death, giving rise to any wrongful death or survival claim, the provisions of this section apply to your estate, the personal representative of your estate, and your heirs or beneficiaries. In the case of your death the Plan’s right of reimbursement and right of subrogation shall apply if a claim can be brought on behalf of you or your estate that can include a claim for past medical expenses or damages. The obligation to reimburse the Plan is not extinguished by a release of claims or settlement agreement of any kind.

No allocation of damages, settlement funds or any other recovery, by you, your estate, the personal representative of your estate, your heirs, your beneficiaries or any other person or party, shall be valid if it does not reimburse the Plan for 100% of its interest unless the Plan provides written consent to the allocation.

The provisions of this section apply to the parents, guardian, or other representative of a Dependent child who incurs a Sickness or Injury caused by any third party. If a parent or guardian may bring a claim for damages arising out of a minor’s Sickness or Injury, the terms of this subrogation and reimbursement clause shall apply to that claim.

If any third party causes or is alleged to have caused you to suffer a Sickness or Injury while you are covered under this Plan, the provisions of this section continue to apply, even after you are no longer covered.

In the event that you do not abide by the terms of the Plan pertaining to reimbursement, the Plan may terminate Benefits to you, your dependents or the participant, deny future Benefits, take legal action against you, and/or set off from any future Benefits the value of Benefits the Plan has paid relating to any Sickness or Injury alleged to have been caused or caused by any third party to the extent not recovered by the Plan due to your failure to abide by the terms of the Plan. If the Plan incurs attorneys’ fees and costs in order to collect third party settlement funds held by you or your representative, the Plan has the right to recover those fees and costs from you. You will also be required to pay interest on any amounts you hold which should have been returned to the Plan.

The Plan and all Administrators administering the terms and conditions of the Plan’s subrogation and reimbursement rights have such powers and duties as are necessary to discharge its duties and functions, including the exercise of its discretionary authority to (1) construe and enforce the terms of the Plan’s subrogation and reimbursement rights and (2) make determinations with respect to the subrogation amounts and reimbursements owed to the Plan.

**Right of Recovery**

The Plan also has the right to recover Benefits it has paid on you or your Dependent’s behalf that were:

- Made in error.
- Due to a mistake in fact.
- Advanced during the time period of meeting the calendar year Deductible.
- Advanced during the time period of meeting the Out-of-Pocket Maximum for the calendar year.
Benefits paid because you or your Dependent misrepresented facts are also subject to recovery.

If the Plan provides a Benefit for you or your Dependent that exceeds the amount that should have been paid, the Plan will:

- Require that the overpayment be returned when requested.
- Reduce a future Benefit payment for you or your Dependent by the amount of the overpayment.

If the Plan provides an advancement of Benefits to you or your Dependent during the time period of meeting the Deductible and/or meeting the Out-of-Pocket Maximum for the calendar year, the Plan will send you or your Dependent a monthly statement identifying the amount you owe with payment instructions. The Plan has the right to recover Benefits it has advanced by:

- Submitting a reminder letter to you or a covered Dependent that details any outstanding balance owed to the Plan.
- Conducting courtesy calls to you or a covered Dependent to discuss any outstanding balance owed to the Plan.
SECTION 12 - WHEN COVERAGE ENDS

What this section includes:

- Circumstances that cause coverage to end; and
- How to continue coverage after it ends.

Your entitlement to Benefits automatically ends on the date that coverage ends, even if you are hospitalized or are otherwise receiving medical treatment on that date.

When your coverage ends, City of Appleton will still pay claims for Covered Health Services that you received before your coverage ended. However, once your coverage ends, Benefits are not provided for health services that you receive after coverage ended, even if the underlying medical condition occurred before your coverage ended.

Your coverage under the Plan will end on the earliest of:

- the last day of the month your employment with the Company ends;
- the date the Plan ends;
- the last day of the month you stop making the required contributions;
- the last day of the month you are no longer eligible;
- the last day of the month UnitedHealthcare receives written notice from City of Appleton to end your coverage, or the date requested in the notice, if later; or
- the last day of the month you retire or are pensioned under the Plan, unless specific coverage is available for retired or pensioned persons and you are eligible for that coverage.

Coverage for your eligible Dependents will end on the earliest of:

- the date your coverage ends;
- the last day of the month you stop making the required contributions;
- the last day of the month UnitedHealthcare receives written notice from City of Appleton to end your coverage, or the date requested in the notice, if later; or
- the last day of the month your Dependents no longer qualify as Dependents under this Plan.

Other Events Ending Your Coverage

The Plan will provide at least thirty days' prior written notice to you that your coverage will end on the date identified in the notice if you commit an act, practice, or omission that constituted fraud, or an intentional misrepresentation of a material fact including, but not limited to, knowingly providing incorrect information relating to another person's eligibility or status as a Dependent. You may appeal this decision during the 30-day notice period. The notice will contain information on how to pursue your appeal.
Note: If UnitedHealthcare finds that you have performed an act, practice, or omission that constitutes fraud, or have made an intentional misrepresentation of material fact City of Appleton has the right to demand that you pay back all Benefits City of Appleton paid to you, or paid in your name, during the time you were incorrectly covered under the Plan.

Coverage for a Disabled Child

If an unmarried enrolled Dependent child with a mental or physical disability reaches an age when coverage would otherwise end, the Plan will continue to cover the child, as long as:

- the child is unable to be self-supporting due to a mental or physical handicap or disability;
- the child depends mainly on you for support;
- you provide to City of Appleton proof of the child's incapacity and dependency within 31 days of the date coverage would have otherwise ended because the child reached a certain age; and
- you provide proof, upon City of Appleton’s request, that the child continues to meet these conditions.

The proof might include medical examinations at City of Appleton's expense. However, you will not be asked for this information more than once a year. If you do not supply such proof within 31 days, the Plan will no longer pay Benefits for that child.

Coverage will continue, as long as the enrolled Dependent is incapacitated and dependent upon you, unless coverage is otherwise terminated in accordance with the terms of the Plan.

Continuing Coverage Through COBRA

If you lose your Plan coverage, you may have the right to extend it under the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA), as defined in Section 14, Glossary.

Continuation coverage under COBRA is available only to Plans that are subject to the terms of COBRA. You can contact your Plan Administrator to determine if City of Appleton is subject to the provisions of COBRA.

Continuation Coverage under Federal Law (COBRA)

Much of the language in this section comes from the federal law that governs continuation coverage. You should call your Plan Administrator if you have questions about your right to continue coverage.

In order to be eligible for continuation coverage under federal law, you must meet the definition of a "Qualified Beneficiary". A Qualified Beneficiary is any of the following persons who were covered under the Plan on the day before a qualifying event:

- a Participant;
a Participant's enrolled Dependent, including with respect to the Participant's children, a child born to or placed for adoption with the Participant during a period of continuation coverage under federal law; or

a Participant's former Spouse.

**Qualifying Events for Continuation Coverage under COBRA**
The following table outlines situations in which you may elect to continue coverage under COBRA for yourself and your Dependents, and the maximum length of time you can receive continued coverage. These situations are considered qualifying events.

Subject to the following conditions: (i) notice of the disability must be provided within the latest of 60 days after a). the determination of the disability, b). the date of the qualifying event, c). the date the Qualified Beneficiary would lose coverage under the Plan, and in no event later than the end of the first 18 months; (ii) the Qualified Beneficiary must agree to pay any increase in the required premium for the additional 11 months over the original 18 months; and (iii) if the Qualified Beneficiary entitled to the 11 months of coverage has non-disabled family members who are also Qualified Beneficiaries, then those non-disabled Qualified Beneficiaries are also entitled to the additional 11 months of continuation coverage. Notice of any final determination that the Qualified Beneficiary is no longer disabled must be provided within 30 days of such determination. Thereafter, continuation coverage may be terminated on the first day of the month that begins more than 30 days after the date of that determination.

This is a qualifying event for any Retired Participant and his or her enrolled Dependents if there is a substantial elimination of coverage within one year before or after the date the bankruptcy was filed.

From the date of the Participant's death if the Participant dies during the continuation coverage.

* Your work hours are reduced or your employment is terminated for reasons other than gross misconduct.

Getting Started
You will be notified by mail if you become eligible for COBRA coverage as a result of a reduction in work hours or termination of employment. The notification will give you instructions for electing COBRA coverage, and advise you of the monthly cost. Your monthly cost is the full cost, including both Participant and Employer costs, plus a 2% administrative fee or other cost as permitted by law.

You will have up to 60 days from the date you receive notification or 60 days from the date your coverage ends to elect COBRA coverage, whichever is later. You will then have an
additional 45 days to pay the cost of your COBRA coverage, retroactive to the date your Plan coverage ended.

During the 60-day election period, the Plan will, only in response to a request from a provider, inform that provider of your right to elect COBRA coverage, retroactive to the date your COBRA eligibility began.

While you are a participant in the medical Plan under COBRA, you have the right to change your coverage election:

- during Open Enrollment; and
- following a change in family status, as described under Changing Your Coverage in Section 2, Introduction.

**Notification Requirements**

If your covered Dependents lose coverage due to divorce, legal separation, or loss of Dependent status, you or your Dependents must notify the Plan Administrator within 60 days of the latest of:

- the date of the divorce, legal separation or an enrolled Dependent's loss of eligibility as an enrolled Dependent;
- the date your enrolled Dependent would lose coverage under the Plan; or
- the date on which you or your enrolled Dependent are informed of your obligation to provide notice and the procedures for providing such notice.

You or your Dependents must also notify the Plan Administrator when a qualifying event occurs that will extend continuation coverage.

If you or your Dependents fail to notify the Plan Administrator of these events within the 60 day period, the Plan Administrator is not obligated to provide continued coverage to the affected Qualified Beneficiary. If you are continuing coverage under federal law, you must notify the Plan Administrator within 60 days of the birth or adoption of a child.

Once you have notified the Plan Administrator, you will then be notified by mail of your election rights under COBRA.

**Notification Requirements for Disability Determination**

If you extend your COBRA coverage beyond 18 months because you are eligible for disability benefits from Social Security, you must provide Human Resources with notice of the Social Security Administration's determination within 60 days after you receive that determination, and before the end of your initial 18-month continuation period.

The notice requirements will be satisfied by providing written notice to the Plan Administrator at the address stated in Section 16, Important Administrative Information. The contents of the notice must be such that the Plan Administrator is able to determine the
covered Employee and qualified beneficiary(ies), the qualifying event or disability, and the
date on which the qualifying event occurred.

Trade Act of 2002
The Trade Act of 2002 amended COBRA to provide for a special second 60-day COBRA
election period for certain Participants who have experienced a termination or reduction of
hours and who lose group health plan coverage as a result. The special second COBRA
election period is available only to a very limited group of individuals: generally, those who
are receiving trade adjustment assistance (TAA) or 'alternative trade adjustment assistance'
under a federal law called the Trade Act of 1974. These Participants are entitled to a second
opportunity to elect COBRA coverage for themselves and certain family members (if they
did not already elect COBRA coverage), but only within a limited period of 60 days from the
first day of the month when an individual begins receiving TAA (or would be eligible to
receive TAA but for the requirement that unemployment benefits be exhausted) and only
during the six months immediately after their group health plan coverage ended.

If a Participant qualifies or may qualify for assistance under the Trade Act of 1974, he or she
should contact the Plan Administrator for additional information. The Participant must
contact the Plan Administrator promptly after qualifying for assistance under the Trade Act
of 1974 or the Participant will lose his or her special COBRA rights. COBRA coverage
elected during the special second election period is not retroactive to the date that Plan
coverage was lost, but begins on the first day of the special second election period.

When COBRA Ends
COBRA coverage will end, before the maximum continuation period, on the earliest of the
following dates:

- the date, after electing continuation coverage, that coverage is first obtained under any
  other group health plan;
- the date, after electing continuation coverage, that you or your covered Dependent first
  becomes entitled to Medicare;
- the date coverage ends for failure to make the first required premium payment (premium
  is not paid within 45 days);
- the date coverage ends for failure to make any other monthly premium payment
  (premium is not paid within 30 days of its due date);
- the date the entire Plan ends; or
- the date coverage would otherwise terminate under the Plan as described in the
  beginning of this section.

Note: If you selected continuation coverage under a prior plan which was then replaced by
coverage under this Plan, continuation coverage will end as scheduled under the prior plan
or in accordance with the terminating events listed in this section, whichever is earlier.
Uniformed Services Employment and Reemployment Rights Act

A Participant who is absent from employment for more than 30 days by reason of service in the Uniformed Services may elect to continue Plan coverage for the Participant and the Participant's Dependents in accordance with the Uniformed Services Employment and Reemployment Rights Act of 1994, as amended (USERRA).

The terms "Uniformed Services" or "Military Service" mean the Armed Forces, the Army National Guard and the Air National Guard when engaged in active duty for training, inactive duty training, or full-time National Guard duty, the commissioned corps of the Public Health Service, and any other category of persons designated by the President in time of war or national emergency.

If qualified to continue coverage pursuant to the USERRA, Participants may elect to continue coverage under the Plan by notifying the Plan Administrator in advance, and providing payment of any required contribution for the health coverage. This may include the amount the Plan Administrator normally pays on a Participant's behalf. If a Participant's Military Service is for a period of time less than 31 days, the Participant may not be required to pay more than the regular contribution amount, if any, for continuation of health coverage.

A Participant may continue Plan coverage under USERRA for up to the lesser of:

- the 24 month period beginning on the date of the Participant's absence from work; or
- the day after the date on which the Participant fails to apply for, or return to, a position of employment.

Regardless of whether a Participant continues health coverage, if the Participant returns to a position of employment, the Participant's health coverage and that of the Participant's eligible Dependents will be reinstated under the Plan. No exclusions or waiting period may be imposed on a Participant or the Participant's eligible Dependents in connection with this reinstatement, unless a Sickness or Injury is determined by the Secretary of Veterans Affairs to have been incurred in, or aggravated during, the performance of military service.

You should call the Plan Administrator if you have questions about your rights to continue health coverage under USERRA.
SECTION 13 - OTHER IMPORTANT INFORMATION

What this section includes:

- Court-ordered Benefits for Dependent children;
- Your relationship with UnitedHealthcare and City of Appleton;
- Relationships with providers;
- Interpretation of Benefits;
- Information and records;
- Incentives to providers and you; and
- The future of the Plan.

Qualified Medical Child Support Orders (QMCSOs)

A qualified medical child support order (QMCSO) is a judgment, decree or order issued by a court or appropriate state agency that requires a child to be covered for medical benefits. Generally, a QMCSO is issued as part of a paternity, divorce, or other child support settlement.

If the Plan receives a medical child support order for your child that instructs the Plan to cover the child, the Plan Administrator will review it to determine if it meets the requirements for a QMCSO. If it determines that it does, your child will be enrolled in the Plan as your Dependent, and the Plan will be required to pay Benefits as directed by the order.

You may obtain, without charge, a copy of the procedures governing QMCSOs from the Plan Administrator.

Note: A National Medical Support Notice will be recognized as a QMCSO if it meets the requirements of a QMCSO.

Your Relationship with UnitedHealthcare and City of Appleton

In order to make choices about your health care coverage and treatment, City of Appleton believes that it is important for you to understand how UnitedHealthcare interacts with the Plan Sponsor's benefit Plan and how it may affect you. UnitedHealthcare helps administer the Plan Sponsor's benefit plan in which you are enrolled. UnitedHealthcare does not provide medical services or make treatment decisions. This means:

- UnitedHealthcare communicates to you decisions about whether the Plan will cover or pay for the health care that you may receive (the Plan pays for Covered Health Services, which are more fully described in this SPD); and

- the Plan may not pay for all treatments you or your Physician may believe are necessary. If the Plan does not pay, you will be responsible for the cost.
City of Appleton and UnitedHealthcare may use individually identifiable information about you to identify for you (and you alone) procedures, products or services that you may find valuable. City of Appleton and UnitedHealthcare will use individually identifiable information about you as permitted or required by law, including in operations and in research. City of Appleton and UnitedHealthcare will use de-identified data for commercial purposes including research.

**Relationship with Providers**

The Claims Administrator has agreements in place that govern the relationships between it and City of Appleton and Network providers, some of which are affiliated providers. Network providers enter into agreements with the Claims Administrator to provide Covered Health Services to Covered Persons.

City of Appleton and UnitedHealthcare do not provide health care services or supplies, nor do they practice medicine. Instead, City of Appleton and UnitedHealthcare arrange for health care providers to participate in a Network and administer payment of Benefits. Network providers are independent practitioners who run their own offices and facilities. UnitedHealthcare’s credentialing process confirms public information about the providers’ licenses and other credentials, but does not assure the quality of the services provided. They are not City of Appleton's employees nor are they employees of UnitedHealthcare. City of Appleton and UnitedHealthcare are not responsible for any act or omission of any provider.

UnitedHealthcare is not considered to be an employer of the Plan Administrator for any purpose with respect to the administration or provision of benefits under this Plan.

City of Appleton is solely responsible for:

- enrollment and classification changes (including classification changes resulting in your enrollment or the termination of your coverage);
- The timely payment of the service fee to UnitedHealthcare.
- The funding of Benefits on a timely basis.
- notifying you of the termination or modifications to the Plan.

**Your Relationship with Providers**

The relationship between you and any provider is that of provider and patient. You:

- are responsible for choosing your own provider;
- are responsible for paying, directly to your provider, any amount identified as a member responsibility, including Coinsurance, any deductible and any amount that exceeds Eligible Expenses;
- are responsible for paying, directly to your provider, the cost of any non-Covered Health Service;
- must decide if any provider treating you is right for you (this includes Network providers you choose and providers to whom you have been referred); and
must decide with your provider what care you should receive.

Your provider is solely responsible for the quality of the services provided to you.

The relationship between you and City of Appleton is that of employer and employee, Dependent or other classification as defined in this SPD.

**Interpretation of Benefits**

City of Appleton and UnitedHealthcare have the sole and exclusive discretion to:

- interpret Benefits under the Plan;
- interpret the other terms, conditions, limitations and exclusions of the Plan, including this SPD and any Summary of Material Modifications and/or Amendments; and
- make factual determinations related to the Plan and its Benefits.

City of Appleton and UnitedHealthcare may delegate this discretionary authority to other persons or entities that provide services in regard to the administration of the Plan.

In certain circumstances, for purposes of overall cost savings or efficiency, City of Appleton may, in its discretion, offer Benefits for services that would otherwise not be Covered Health Services. The fact that City of Appleton does so in any particular case shall not in any way be deemed to require City of Appleton to do so in other similar cases.

**Information and Records**

City of Appleton and UnitedHealthcare may use your individually identifiable health information to administer the Plan and pay claims, to identify procedures, products, or services that you may find valuable, and as otherwise permitted or required by law. City of Appleton and UnitedHealthcare may request additional information from you to decide your claim for Benefits. City of Appleton and UnitedHealthcare will keep this information confidential. City of Appleton and UnitedHealthcare may also use your de-identified data for commercial purposes, including research, as permitted by law.

By accepting Benefits under the Plan, you authorize and direct any person or institution that has provided services to you to furnish City of Appleton and UnitedHealthcare with all information or copies of records relating to the services provided to you. City of Appleton and UnitedHealthcare have the right to request this information at any reasonable time. This applies to all Covered Persons, including enrolled Dependents whether or not they have signed the Participant's enrollment form. City of Appleton and UnitedHealthcare agree that such information and records will be considered confidential.

City of Appleton and UnitedHealthcare have the right to release any and all records concerning health care services which are necessary to implement and administer the terms of the Plan, for appropriate medical review or quality assessment, or as City of Appleton is required to do by law or regulation. During and after the term of the Plan, City of Appleton and UnitedHealthcare and its related entities may use and transfer the information gathered.
under the Plan in a de-identified format for commercial purposes, including research and analytic purposes.

For complete listings of your medical records or billing statements City of Appleton recommends that you contact your health care provider. Providers may charge you reasonable fees to cover their costs for providing records or completing requested forms.

If you request medical forms or records from UnitedHealthcare, they also may charge you reasonable fees to cover costs for completing the forms or providing the records.

In some cases, City of Appleton and UnitedHealthcare will designate other persons or entities to request records or information from or related to you, and to release those records as necessary. UnitedHealthcare's designees have the same rights to this information as does the Plan Administrator.

Incentives to Providers

Network providers may be provided financial incentives by UnitedHealthcare to promote the delivery of health care in a cost efficient and effective manner. These financial incentives are not intended to affect your access to health care.

Examples of financial incentives for Network providers are:

- Bonuses for performance based on factors that may include quality, member satisfaction, and/or cost-effectiveness.
- A practice called capitation which is when a group of Network providers receives a monthly payment from UnitedHealthcare for each Covered Person who selects a Network provider within the group to perform or coordinate certain health services. The Network providers receive this monthly payment regardless of whether the cost of providing or arranging to provide the Covered Person's health care is less than or more than the payment.
- Bundled payments - certain Network providers receive a bundled payment for a group of Covered Health Services for a particular procedure or medical condition. Your Copayment and/or Coinsurance will be calculated based on the provider type that received the bundled payment. The Network providers receive these bundled payments regardless of whether the cost of providing or arranging to provide the Covered Person's health care is less than or more than the payment. If you receive follow-up services related to a procedure where a bundled payment is made, an additional Copayment and/or Coinsurance may not be required if such follow-up services are included in the bundled payment. You may receive some Covered Health Services that are not considered part of the inclusive bundled payment and those Covered Health Services would be subject to the applicable Copayment and/or Coinsurance as described in Plan Highlights.

If you have any questions regarding financial incentives you may contact the telephone number on your ID card. You can ask whether your Network provider is paid by any financial incentive, including those listed above; however, the specific terms of the contract,
including rates of payment, are confidential and cannot be disclosed. In addition, you may choose to discuss these financial incentives with your Network provider.

**Incentives to You**

Sometimes you may be offered coupons, enhanced Benefits, or other incentives to encourage you to participate in various wellness programs or certain disease management programs, surveys, discount programs and/or programs to seek care in a more cost effective setting and/or from Designated Providers. In some instances, these programs may be offered in combination with a non-UnitedHealthcare entity. The decision about whether or not to participate is yours alone but City of Appleton recommends that you discuss participating in such programs with your Physician. These incentives are not Benefits and do not alter or affect your Benefits. You may call the number on your ID card if you have any questions. Additional information may be found in Section 7, Clinical Programs and Resources.

**Rebates and Other Payments**

City of Appleton and the Claims Administrator may receive rebates for certain drugs that are administered to you in a Physician's office, or at a Hospital or Alternate Facility. This includes rebates for those drugs that are administered to you before you meet your Annual Deductible. City of Appleton and the Claims Administrator may pass a portion of these rebates on to you. When rebates are passed on to you, they may be taken into account in determining your Copays or Coinsurance.

**Workers' Compensation Not Affected**

Benefits provided under the Plan do not substitute for and do not affect any requirements for coverage by workers' compensation insurance.

**Future of the Plan**

Although the Company expects to continue the Plan indefinitely, it reserves the right to discontinue, alter or modify the Plan in whole or in part, at any time and for any reason, at its sole determination.

The Company's decision to terminate or amend a Plan may be due to changes in federal or state laws governing employee benefits, the requirements of the Internal Revenue Code or any other reason. A plan change may transfer plan assets and debts to another plan or split a plan into two or more parts. If the Company does change or terminate a plan, it may decide to set up a different plan providing similar or different benefits.

If this Plan is terminated, Covered Persons will not have the right to any other Benefits from the Plan, other than for those claims incurred prior to the date of termination, or as otherwise provided under the Plan. In addition, if the Plan is amended, Covered Persons may be subject to altered coverage and Benefits.

The amount and form of any final benefit you receive will depend on any Plan document or contract provisions affecting the Plan and Company decisions. After all Benefits have been paid and other requirements of the law have been met, certain remaining Plan assets will be turned over to the Company and others as may be required by any applicable law.
Review and Determine Benefits in Accordance with UnitedHealthcare Reimbursement Policies

UnitedHealthcare develops its reimbursement policy guidelines, in its sole discretion, in accordance with one or more of the following methodologies:

- As indicated in the most recent edition of the Current Procedural Terminology (CPT), a publication of the American Medical Association, and/or the Centers for Medicare and Medicaid Services (CMS).
- As reported by generally recognized professionals or publications.
- As used for Medicare.
- As determined by medical staff and outside medical consultants pursuant to other appropriate sources or determinations that UnitedHealthcare accepts.

Following evaluation and validation of certain provider billings (e.g., error, abuse and fraud reviews), UnitedHealthcare's reimbursement policies are applied to provider billings. UnitedHealthcare shares its reimbursement policies with Physicians and other providers in UnitedHealthcare's Network through UnitedHealthcare's provider website. Network Physicians and providers may not bill you for the difference between their contract rate (as may be modified by UnitedHealthcare's reimbursement policies) and the billed charge. However, non-Network providers are not subject to this prohibition, and may bill you for any amounts the Plan does not pay, including amounts that are denied because one of UnitedHealthcare's reimbursement policies does not reimburse (in whole or in part) for the service billed. You may obtain copies of UnitedHealthcare’s reimbursement policies for yourself or to share with your non-Network Physician or provider by going to www.myuhc.com or by calling the telephone number on your ID card.

UnitedHealthcare may apply a reimbursement methodology established by OptumInsight and/or a third party vendor, which is based on CMS coding principles, to determine appropriate reimbursement levels for Emergency Health Services. The methodology is usually based on elements reflecting the patient complexity, direct costs, and indirect costs of an Emergency Health Service. If the methodology(ies) currently in use become no longer available, UnitedHealthcare will use a comparable methodology(ies). UnitedHealthcare and OptumInsight are related companies through common ownership by UnitedHealth Group. Refer to UnitedHealthcare’s website at www.myuhc.com for information regarding the vendor that provides the applicable methodology.

Coinsurance – the percentage of Eligible Expenses you are required to pay for certain Covered Health Services as described in Section 3, How the Plan Works.

Company – City of Appleton.

Congenital Anomaly – a physical developmental defect that is present at birth and is identified within the first twelve months of birth.

Congenital Heart Disease (CHD) – any structural heart problem or abnormality that has been present since birth. Congenital heart defects may:

Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA) – a federal law that requires employers to offer continued health insurance coverage to certain employees and their dependents whose group health insurance has been terminated.
Cosmetic Procedures – procedures or services that change or improve appearance without significantly improving physiological function, as determined by the Claims Administrator. Reshaping a nose with a prominent bump is a good example of a Cosmetic Procedure because appearance would be improved, but there would be no improvement in function like breathing.

Cost-Effective – the least expensive equipment that performs the necessary function. This term applies to Durable Medical Equipment and prosthetic devices.

Covered Health Services - those health services, including services, supplies or Pharmaceutical Products, which the Claims Administrator determines to be:

- Provided for the purpose of preventing, evaluating, diagnosing or treating a Sickness, Injury, Mental Illness, substance-related and addictive disorders, condition, disease or its symptoms.
- Medically Necessary.
- Described as a Covered Health Service in this SPD under Section 5, Plan Highlights and Section 6, Additional Coverage Details and Section 15, Prescription Drugs.

- Not otherwise excluded in this SPD under Section 8, Exclusions and Limitations or Section 15, Prescription Drugs.

Covered Person – either the Participant or an enrolled Dependent only while enrolled and eligible for Benefits under the Plan. References to "you" and "your" throughout this SPD are references to a Covered Person.

CRS – see Cancer Resource Services (CRS).

Custodial Care – services that do not require special skills or training and that:

- provide assistance in activities of daily living (including but not limited to feeding, dressing, bathing, ostomy care, incontinence care, checking of routine vital signs, transferring and ambulating);
- are provided for the primary purpose of meeting the personal needs of the patient or maintaining a level of function (even if the specific services are considered to be skilled services), as opposed to improving that function to an extent that might allow for a more independent existence; or
- do not require continued administration by trained medical personnel in order to be delivered safely and effectively.

Deductible – see Annual Deductible.

Definitive Drug Test – test to identify specific medications, illicit substances and metabolites and is qualitative or quantitative to identify possible use or non-use of a drug.

- UnitedHealthcare has identified through UnitedHealthcare's designation programs as a Designated Provider. Such designation may apply to specific treatments, conditions and/or procedures.

A Designated Provider may or may not be located within your geographic area. Not all Network Hospitals or Network Physicians are Designated Providers.

You can find out if your provider is a Designated Provider by contacting UnitedHealthcare at www.myuhc.com or the telephone number on your ID card.

Designated Virtual Network Provider - a provider or facility that has entered into an agreement with UnitedHealthcare, or with an organization contracting on UnitedHealthcare's behalf, to deliver Covered Health Services via interactive audio and video modalities.

- durable enough to withstand repeated use;
- not implantable within the body; and
- appropriate for use, and primarily used, within the home.

Eligible Expenses – for Covered Health Services, incurred while the Plan is in effect, Eligible Expenses are determined by UnitedHealthcare as stated below and as detailed in Section 3, How the Plan Works.

Eligible Expenses are determined solely in accordance with UnitedHealthcare’s reimbursement policy guidelines. UnitedHealthcare develops the reimbursement policy
guidelines, in UnitedHealthcare’s discretion, following evaluation and validation of all provider billings in accordance with one or more of the following methodologies:

- As indicated in the most recent edition of the Current Procedural Terminology (CPT), a publication of the American Medical Association, and/or the Centers for Medicare and Medicaid Services (CMS).
- As reported by generally recognized professionals or publications.
- As used for Medicare.
- As determined by medical staff and outside medical consultants pursuant to other appropriate source or determination that UnitedHealthcare accepts.

**Emergency** – a medical condition manifesting itself by acute symptoms of sufficient severity (including severe pain) so that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in any of the following:

- Placing the health of the Covered Person (or, with respect to a pregnant woman, the health of the woman or her unborn child) in serious jeopardy.
- Serious impairment to bodily functions.
- Serious dysfunction of any bodily organ or part.

**Emergency Health Services** – with respect to an Emergency, both of the following:

- A medical screening examination (as required under section 1867 of the Social Security Act, 42 U.S.C. 1395dd) that is within the capability of the emergency department of a Hospital, including ancillary services routinely available to the emergency department to evaluate such Emergency.
- Such further medical examination and treatment, to the extent they are within the capabilities of the staff and facilities available at the Hospital, as are required under section 1867 of the Social Security Act (42 U.S.C. 1395dd(e)(3)).

**EOB** – see Explanation of Benefits (EOB).

**Experimental or Investigational Services** – medical, surgical, diagnostic, psychiatric, mental health, substance-related and addictive disorders or other health care services, technologies, supplies, treatments, procedures, drug therapies, medications or devices that, at the time the Claims Administrator and City of Appleton make a determination regarding coverage in a particular case, are determined to be any of the following:

- Not approved by the U.S. Food and Drug Administration (FDA) to be lawfully marketed for the proposed use and not identified in the American Hospital Formulary Service or the United States Pharmacopoeia Dispensing Information as appropriate for the proposed use.
Subject to review and approval by any institutional review board for the proposed use (Devices which are FDA approved under the Humanitarian Use Device exemption are not considered to be Experimental or Investigational.)

The subject of an ongoing Clinical Trial that meets the definition of a Phase I, II or III Clinical Trial set forth in the FDA regulations, regardless of whether the trial is actually subject to FDA oversight.

Exceptions:

Clinical Trials for which Benefits are available as described under Clinical Trials in Section 6, Additional Coverage Details.

If you are not a participant in a qualifying Clinical Trial as described under Section 6, Additional Coverage Details, and have a Sickness or condition that is likely to cause death within one year of the request for treatment, the Claims Administrator and City of Appleton may, at their discretion, consider an otherwise Experimental or Investigational Service to be a Covered Health Service for that Sickness or condition. Prior to such consideration, the Claims Administrator and City of Appleton must determine that, although unproven, the service has significant potential as an effective treatment for that Sickness or condition.

Explanation of Benefits (EOB) – a statement provided by UnitedHealthcare to you, your Physician, or another health care professional that explains:

- the Benefits provided (if any);
- the allowable reimbursement amounts;
- Deductibles;

- the reason(s) why the service or supply was not covered by the Plan.

Gene Therapy – therapeutic delivery of nucleic acid (DNA or RNA) into a patient's cells as a drug to treat a disease.

Genetic Counseling – counseling by a qualified clinician that includes:

- Identifying your potential risks for suspected genetic disorders;
- An individualized discussion about the benefits, risks and limitations of Genetic Testing to help you make informed decisions about Genetic Testing; and
- Interpretation of the Genetic Testing results in order to guide health decisions.

Certified genetic counselors, medical geneticists and physicians with a professional society's certification that they have completed advanced training in genetics are considered qualified clinicians when Covered Health Services for Genetic Testing require Genetic Counseling.
Genetic Testing - exam of blood or other tissue for changes in genes (DNA or RNA) that may indicate an increased risk for developing a specific disease or disorder, or provide information to guide the selection of treatment of certain diseases, including cancer.

Gestational Carrier - A Gestational Carrier is a female who becomes pregnant by having a fertilized egg (embryo) implanted in her uterus for the purpose of carrying the fetus to term for another person. The carrier does not provide the egg and is therefore not biologically (genetically) related to the child.

Health Statement(s) – a single, integrated statement that summarizes EOB information by providing detailed content on account balances and claim activity.

Home Health Agency – a program or organization authorized by law to provide health care services in the home.

Hospital – an institution, operated as required by law, which is:

- primarily engaged in providing health services, on an inpatient basis, for the acute care and treatment of sick or injured individuals. Care is provided through medical, mental health, substance use disorders, diagnostic and surgical facilities, by or under the supervision of a staff of Physicians; and
- has 24 hour nursing services.

A Hospital is not primarily a place for rest, Custodial Care or care of the aged and is not a Skilled Nursing Facility, convalescent home or similar institution.

Injury – bodily damage other than Sickness, including all related conditions and recurrent symptoms.

Inpatient Rehabilitation Facility – a long term acute rehabilitation center, a Hospital (or a special unit of a Hospital designated as an Inpatient Rehabilitation Facility) that provides rehabilitation services (including physical therapy, occupational therapy and/or speech therapy) on an inpatient basis, as authorized by law.

Intensive Behavioral Therapy (IBT) - outpatient behavioral/educational services that aim to reinforce adaptive behaviors, reduce maladaptive behaviors and improve the mastery of functional age appropriate skills in people with Autism Spectrum Disorders. Examples include Applied Behavior Analysis (ABA), The Denver Model, and Relationship Development Intervention (RDI).

Inpatient Stay – an uninterrupted confinement, following formal admission to a Hospital, Skilled Nursing Facility or Inpatient Rehabilitation Facility.

Intensive Outpatient Treatment - a structured outpatient mental health or substance-related and addictive disorders treatment program that may be free-standing or Hospital-based and provides services for at least three hours per day, two or more days per week.
Intermittent Care – skilled nursing care that is provided or needed either:

- fewer than seven days each week; or
- fewer than eight hours each day for periods of 21 days or less.

Exceptions may be made in special circumstances when the need for additional care is finite and predictable.

Kidney Resource Services (KRS) – a program administered by UnitedHealthcare or its affiliates made available to you by City of Appleton. The KRS program provides:

- specialized consulting services to Participants and enrolled Dependents with ESRD or chronic kidney disease;
- access to dialysis centers with expertise in treating kidney disease; and
- guidance for the patient on the prescribed plan of care.

Manipulative Treatment – the therapeutic application of chiropractic and/or manipulative treatment with or without ancillary physiologic treatment and/or rehabilitative methods rendered to restore/improve motion, reduce pain and improve function in the management of an identifiable neuromusculoskeletal condition.

Medicaid – a federal program administered and operated individually by participating state and territorial governments that provides medical benefits to eligible low-income people needing health care. The federal and state governments share the program's costs.

Medically Necessary - health care services that are all of the following as determined by the Claims Administrator or its designee, within the Claims Administrator's sole discretion. The services must be:

- In accordance with Generally Accepted Standards of Medical Practice.
- Clinically appropriate, in terms of type, frequency, extent, service site and duration, and considered effective for your Sickness, Injury, Mental Illness, substance-related and addictive disorders, disease or its symptoms.
- Not mainly for your convenience or that of your doctor or other health care provider.
- Not more costly than an alternative drug, service(s), service site or supply that is at least as likely to produce equivalent therapeutic or diagnostic results as to the diagnosis or treatment of your Sickness, Injury, disease or symptoms.

Generally Accepted Standards of Medical Practice are standards that are based on credible scientific evidence published in peer-reviewed medical literature generally recognized by the relevant medical community, relying primarily on controlled clinical trials, or, if not available, observational studies from more than one institution that suggest a causal relationship between the service or treatment and health outcomes.

If no credible scientific evidence is available, then standards that are based on Physician specialty society recommendations or professional standards of care may be considered. The
Claims Administrator reserves the right to consult expert opinion in determining whether health care services are Medically Necessary. The decision to apply Physician specialty society recommendations, the choice of expert and the determination of when to use any such expert opinion, shall be within the Claims Administrator's sole discretion.

The Claims Administrator develops and maintains clinical policies that describe the Generally Accepted Standards of Medical Practice scientific evidence, prevailing medical standards and clinical guidelines supporting its determinations regarding specific services. These clinical policies (as developed by the Claims Administrator and revised from time to time), are available to Covered Persons on www.myuhc.com or by calling the number on your ID card, and to Physicians and other health care professionals on www.UHCprovider.com.

**Medicare** – Parts A, B, C and D of the insurance program established by Title XVIII, United States Social Security Act, as amended by 42 U.S.C. Sections 1394, et seq. and as later amended.

**Mental Health Services** – services for the diagnosis and treatment of those mental health or psychiatric categories that are listed in the current edition of the *International Classification of Diseases section on Mental and Behavioral Disorders or the Diagnostic and Statistical Manual of the American Psychiatric Association*. The fact that a condition is listed in the current edition of the *International Classification of Diseases section on Mental and Behavioral Disorders or Diagnostic and Statistical Manual of the American Psychiatric Association* does not mean that treatment for the condition is a Covered Health Service.

**Mental Health/Substance-Related and Addictive Disorders Administrator** – the organization or individual designated by City of Appleton who provides or arranges Mental Health and Substance-Related and Addictive Disorders Services under the Plan.

**Mental Illness** – those mental health or psychiatric diagnostic categories listed in the current edition of the *International Classification of Diseases section on Mental and Behavioral Disorders or Diagnostic and Statistical Manual of the American Psychiatric Association*. The fact that a condition is listed in the current edition of the *International Classification of Diseases section on Mental and Behavioral Disorders or Diagnostic and Statistical Manual of the American Psychiatric Association* does not mean that treatment for the condition is a Covered Health Service.

**Network** – when used to describe a provider of health care services, this means a provider that has a participation agreement in effect (either directly or indirectly) with the Claims Administrator or with its affiliate to participate in the Network; however, this does not include those providers who have agreed to discount their charges for Covered Health Services by way of their participation in the Shared Savings Program. The Claims Administrator's affiliates are those entities affiliated with the Claims Administrator through common ownership or control with the Claims Administrator or with the Claims Administrator's ultimate corporate parent, including direct and indirect subsidiaries.

A provider may enter into an agreement to provide only certain Covered Health Services, but not all Covered Health Services, or to be a Network provider for only some products. In this case, the provider will be a Network provider for the Covered Health Services and products included in the participation agreement, and a non-Network provider for other
Covered Health Services and products. The participation status of providers will change from time to time.

**Network Benefits** - description of how Benefits are paid for Covered Health Services provided by Network providers. Refer to Section 5, *Plan Highlights* for details about how Network Benefits apply.

**New Pharmaceutical Product** - a Pharmaceutical Product or new dosage form of a previously approved Pharmaceutical Product. It applies to the period of time starting on the date the Pharmaceutical Product or new dosage form is approved by the *U.S. Food and Drug Administration (FDA)* and ends on the earlier of the following dates.

- The date it is reviewed.
- December 31st of the following calendar year.

**Non-Network Benefits** - description of how Benefits are paid for Covered Health Services provided by non-Network providers. Refer to Section 5, *Plan Highlights* for details about how Non-Network Benefits apply.

**Open Enrollment** – the period of time, determined by City of Appleton, during which eligible Participants may enroll themselves and their Dependents under the Plan. City of Appleton determines the period of time that is the Open Enrollment period.

**Partial Hospitalization/Day Treatment** – a structured ambulatory program that may be a free-standing or Hospital-based program and that provides services for at least 20 hours per week.

**Participant** – a full-time Participant of the Employer who meets the eligibility requirements specified in the Plan, as described under *Eligibility* in Section 2, *Introduction*. A Participant must live and/or work in the United States.

**Pharmaceutical Product(s)** – *U.S. Food and Drug Administration (FDA)*-approved prescription medications or products administered in connection with a Covered Health Service by a Physician.

**Physician** – any Doctor of Medicine or Doctor of Osteopathy who is properly licensed and qualified by law.

Please note: Any podiatrist, dentist, psychologist, chiropractor, optometrist or other provider who acts within the scope of his or her license will be considered on the same basis as a Physician. The fact that a provider is described as a Physician does not mean that Benefits for services from that provider are available to you under the Plan.

**Plan** – The City of Appleton Medical Plan.
Plan Administrator – City of Appleton or its designee.

Plan Sponsor – City of Appleton.

Presumptive Drug Test – test to determine the presence or absence of drugs or a drug class in which the results are indicated as negative or positive result.

Private Duty Nursing – nursing care that is provided to a patient on a one-to-one basis by licensed nurses in an inpatient or a home setting when any of the following are true:

- no skilled services are identified;
- skilled nursing resources are available in the facility;
- the skilled care can be provided by a Home Health Agency on a per visit basis for a specific purpose; or
- the service is provided to a Covered Person by an independent nurse who is hired directly by the Covered Person or his/her family. This includes nursing services provided on an inpatient or a home-care basis, whether the service is skilled or non-skilled independent nursing.

Reconstructive Procedure – a procedure performed to address a physical impairment where the expected outcome is restored or improved function. The primary purpose of a Reconstructive Procedure is either to treat a medical condition or to improve or restore physiologic function. Reconstructive Procedures include surgery or other procedures which are associated with an Injury, Sickness or Congenital Anomaly. The primary result of the procedure is not changed or improved physical appearance. The fact that a person may suffer psychologically as a result of the impairment does not classify surgery or any other procedure done to relieve the impairment as a Reconstructive Procedure.

Residential Treatment – treatment in a facility which provides Mental Health Services or Substance-Related and Addictive Disorders Services treatment. The facility meets all of the following requirements:

- It is established and operated in accordance with applicable state law for Residential Treatment programs.
- It provides a program of treatment under the active participation and direction of a Physician and approved by the Mental Health/Substance-Related and Addictive Disorders Administrator.
- It has or maintains a written, specific and detailed treatment program requiring full-time residence and full-time participation by the patient.
- It provides at least the following basic services in a 24-hour per day, structured milieu:
  - Room and board.
  - Evaluation and diagnosis.
  - Counseling.
  - Referral and orientation to specialized community resources.
A Residential Treatment facility that qualifies as a Hospital is considered a Hospital.

**Retired Employee** – an Employee who retires while covered under the Plan.

**Semi-private Room** - a room with two or more beds. When an Inpatient Stay in a Semi-private Room is a Covered Health Service, the difference in cost between a Semi-private Room and a private room is a benefit only when a private room is necessary in terms of generally accepted medical practice, or when a Semi-private Room is not available.

**Shared Savings Program** – a program in which UnitedHealthcare may obtain a discount to a non-Network provider’s billed charges. This discount is usually based on a schedule previously agreed to by the non-Network provider. When this happens, you may experience lower out-of-pocket amounts. Plan coinsurance and any applicable deductible would still apply to the reduced charge. Sometimes Plan provisions or administrative practices supersede the scheduled rate, and a different rate is determined by UnitedHealthcare. This means, when contractually permitted, the Plan may pay the lesser of the Shared Savings Program discount or an amount determined by the Claims Administrator, such as a percentage of the published rates allowed by the Centers for Medicare and Medicaid Services (CMS) for the same or similar service within the geographic market, an amount determined based on available data resources of competitive fees in that geographic area, a fee schedule established by a third party vendor or a negotiated rate with the provider. In this case the non-Network provider may bill you for the difference between the billed amount and the rate determined by UnitedHealthcare. If this happens you should call the number on your ID Card. Shared Savings Program providers are not Network providers and are not credentialed by UnitedHealthcare.

**Sickness** - physical illness, disease or Pregnancy. The term Sickness as used in this SPD includes Mental Illness, or substance-related and addictive disorders, regardless of the cause or origin of the Mental Illness, or substance-related and addictive disorder.

**Skilled Care** – skilled nursing, teaching, and rehabilitation services when:

- they are delivered or supervised by licensed technical or professional medical personnel in order to obtain the specified medical outcome and provide for the safety of the patient;
- a Physician orders them;
- they are not delivered for the purpose of assisting with activities of daily living, including dressing, feeding, bathing or transferring from a bed to a chair;
- they require clinical training in order to be delivered safely and effectively; and
- they are not Custodial Care, as defined in this section.

**Skilled Nursing Facility** – a nursing facility that is licensed and operated as required by law. A Skilled Nursing Facility that is part of a Hospital is considered a Skilled Nursing Facility for purposes of the Plan.

**Spouse** – an individual to whom you are legally married.
Substance-Related and Addictive Disorders Services - services for the diagnosis and treatment of alcoholism and substance-related and addictive disorders that are listed in the current edition of the International Classification of Diseases section on Mental and Behavioral Disorders or Diagnostic and Statistical Manual of the American Psychiatric Association. The fact that a disorder is listed in the edition of the International Classification of Diseases section on Mental and Behavioral Disorders or Diagnostic and Statistical Manual of the American Psychiatric Association does not mean that treatment of the disorder is a Covered Health Service.

Surrogate - a female who becomes pregnant usually by artificial insemination or transfer of a fertilized egg (embryo) for the purpose of carrying the fetus for another person. The surrogate provides the egg and is therefore biologically (genetically) related to the child.

Transitional Living - Mental Health Services/Substance-Related and Addictive Disorders Services that are provided through facilities, group homes and supervised apartments that provide 24-hour supervision that are either:

- Sober living arrangements such as drug-free housing, alcohol/drug halfway houses. These are transitional, supervised living arrangements that provide stable and safe housing, an alcohol/drug-free environment and support for recovery. A sober living arrangement may be utilized as an adjunct to ambulatory treatment when treatment doesn't offer the intensity and structure needed to assist the Covered Person with recovery.

- Supervised living arrangements which are residences such as facilities, group homes and supervised apartments that provide members with stable and safe housing and the opportunity to learn how to manage their activities of daily living. Supervised living arrangements may be utilized as an adjunct to treatment when treatment doesn't offer the intensity and structure needed to assist the Covered Person with recovery.

UnitedHealth Premium Program℠ – a program that identifies Network Physicians or facilities that have been designated as a UnitedHealth Premium Program℠ Physician or facility for certain medical conditions.

To be designated as a UnitedHealth Premium℠ provider, Physicians and facilities must meet program criteria. The fact that a Physician or facility is a Network Physician or facility does not mean that it is a UnitedHealth Premium Program℠ Physician or facility.

Unproven Services – health services, including medications that are determined not to be effective for treatment of the medical condition and/or not to have a beneficial effect on health outcomes due to insufficient and inadequate clinical evidence from well-conducted randomized controlled trials or cohort studies in the prevailing published peer-reviewed medical literature:

- Well-conducted randomized controlled trials are two or more treatments compared to each other, with the patient not being allowed to choose which treatment is received.

- Well-conducted cohort studies from more than one institution are studies in which patients who receive study treatment are compared to a group of patients who receive standard therapy. The comparison group must be nearly identical to the study treatment group.
UnitedHealthcare has a process by which it compiles and reviews clinical evidence with respect to certain health services. From time to time, UnitedHealthcare issues medical and drug policies that describe the clinical evidence available with respect to specific health care services. These medical and drug policies are subject to change without prior notice. You can view these policies at www.myuhc.com.

Please note:

- If you have a life threatening Sickness or condition (one that is likely to cause death within one year of the request for treatment), UnitedHealthcare and City of Appleton may, at their discretion, consider an otherwise Unproven Service to be a Covered Health Service for that Sickness or condition. Prior to such a consideration, UnitedHealthcare and City of Appleton must first establish that there is sufficient evidence to conclude that, albeit unproven, the service has significant potential as an effective treatment for that Sickness or condition.

The decision about whether such a service can be deemed a Covered Health Service is solely at UnitedHealthcare and City of Appleton's discretion. Other apparently similar promising but unproven services may not qualify.

**Urgent Care** – care that requires prompt attention to avoid adverse consequences, but does not pose an immediate threat to a person’s life. Urgent care is usually delivered in a walk-in setting and without an appointment. Urgent care facilities are a location, distinct from a hospital emergency department, an office or a clinic. The purpose is to diagnose and treat illness or injury for unscheduled, ambulatory patients seeking immediate medical attention.

**Urgent Care Center** – a facility that provides Covered Health Services that are required to prevent serious deterioration of your health, and that are required as a result of an unforeseen Sickness, Injury, or the onset of acute or severe symptoms.

1. Please obtain prior authorization from UnitedHealthcare before receiving Prescription Drugs, as described under *Prior Authorization Requirements* in this section.

2. You are not responsible for paying a Copayment and/or Coinsurance for Preventive Care Medications.

**Note:** The Coordination of Benefits provision described in Section 10, *Coordination of Benefits (COB)* applies to covered Prescription Drugs as described in this section. Benefits for Prescription Drugs will be coordinated with those of any other health plan in the same manner as Benefits for Covered Health Services described in this SPD.

### Identification Card (ID Card) – Network Pharmacy

You must either show your ID card at the time you obtain your Prescription Drug at a Network Pharmacy or you must provide the Network Pharmacy with identifying information that can be verified by UnitedHealthcare during regular business hours.

If you don't show your ID card or provide verifiable information at a Network Pharmacy, you will be required to pay the Usual and Customary Charge for the Prescription Drug at the pharmacy.

### Benefit Levels

Benefits are available for outpatient Prescription Drugs that are considered Covered Health Services.

The Plan pays Benefits for tier-1, tier-2 and tier-3 Prescription Drugs. All Prescription Drugs covered by the Plan are categorized into these three tiers on the Prescription Drug List (PDL). The tier status of a Prescription Drug can change periodically, generally quarterly but no more than six times per calendar year, based on the Prescription Drug List Management...
Committee's periodic tiering decisions. When that occurs, you may pay more or less for a Prescription Drug, depending on its tier assignment. Since the PDL may change periodically, you can visit www.myuhc.com or call UnitedHealthcare at the toll-free number on your ID card for the most current information.

Each tier is assigned a Copay, which is the amount you pay when you visit the pharmacy or order your medications through mail order. Your Copay will also depend on whether or not you visit the pharmacy or use the mail order service - see the table shown at the beginning of this section for further details. Here's how the tier system works:

- **Tier-1** is your lowest Copay option. For the lowest out-of-pocket expense, you should consider tier-1 drugs if you and your Physician decide they are appropriate for your treatment.
- **Tier-2** is your middle Copay option. Consider a tier-2 drug if no tier-1 drug is available to treat your condition.
- **Tier-3** is your highest Copay option. The drugs in tier-3 are usually more costly. Sometimes there are alternatives available in tier-1 or tier-2.

For Prescription Drugs at a retail Network Pharmacy, you are responsible for paying the lowest of:

- the applicable Copay;
- the Network Pharmacy's Usual and Customary Charge for the Prescription Drug; or
- the Prescription Drug Charge for that Prescription Drug.

For Prescription Drugs from a mail order Network Pharmacy, you are responsible for paying the lower of:

- the applicable Copay; or
- the Prescription Drug Charge for that particular Prescription Drug.

**Retail**

The Plan has a Network of participating retail pharmacies, which includes many large drug store chains. You can obtain information about Network Pharmacies by contacting UnitedHealthcare at the toll-free number on your ID card or by logging onto www.myuhc.com.

To obtain your prescription from a retail pharmacy, simply present your ID card and pay the Copay. The Plan pays Benefits for certain covered Prescription Drugs:

- as written by a Physician;
- up to a consecutive 31-day supply, unless adjusted based on the drug manufacturer's packaging size or based on supply limits;
when a Prescription Drug is packaged or designed to deliver in a manner that provides more than a consecutive 31-day supply, the Copay that applies will reflect the number of days dispensed; and

- a one-cycle supply of an oral contraceptive. You may obtain up to three cycles at one time if you pay a Copay for each cycle supplied.

Note: Pharmacy Benefits apply only if your prescription is for a Covered Health Service, and not for Experimental or Investigational, or Unproven Services. Otherwise, you are responsible for paying 100% of the cost.

Mail Order
The mail order service may allow you to purchase up to a 90-day supply of a covered maintenance drug through the mail. Maintenance drugs help in the treatment of chronic illnesses, such as heart conditions, allergies, high blood pressure, and arthritis.

To use the mail order service, all you need to do is complete a patient profile and enclose your prescription order or refill. Your medication, plus instructions for obtaining refills, will arrive by mail about 14 days after your order is received. If you need a patient profile form, or if you have any questions, you can reach UnitedHealthcare at the toll-free number on your ID card.

The Plan pays mail order Benefits for certain covered Prescription Drugs:

- as written by a Physician; and

- up to a consecutive 90-day supply, unless adjusted based on the drug manufacturer's packaging size or based on supply limits.

You may be required to fill an initial Prescription Drug order and obtain one refill through a retail pharmacy prior to using a mail order Network Pharmacy.

Note: To maximize your benefit, ask your Physician to write your prescription order or refill for a 90-day supply, with refills when appropriate. You will be charged a mail order Copay for any prescription order or refill if you use the mail order service, regardless of the number of days' supply that is written on the order or refill. Be sure your Physician writes your mail order or refill for a 90-day supply, not a 30-day supply with three refills.

Benefits for Preventive Care Medications
Benefits under the Prescription Drug Plan include those for Preventive Care Medications as defined under Glossary – Prescription Drugs. You may determine whether a drug is a Preventive Care Medication through the internet at www.myuhc.com or by calling UnitedHealthcare at the toll-free telephone number on your ID card.

Designated Pharmacies
If you require certain Prescription Drugs, including, but not limited to, Specialty Prescription Drugs, UnitedHealthcare may direct you to a Designated Pharmacy with whom it has an arrangement to provide those Prescription Drugs.
If you are directed to a Designated Pharmacy and you choose not to obtain your Prescription Drug from a Designated Pharmacy, you will be subject to the Non-Network Benefit for that Prescription Drug.

**Smart Fill Program - Split Fill**
Certain Specialty Prescription Drugs may be dispensed by the Designated Pharmacy in 15-day supplies up to 90 days and at a pro-rated Copayment or Coinsurance. The Covered Person will receive a 15-day supply of their Specialty Prescription Drug to determine if they will tolerate the Specialty Prescription Drug prior to purchasing a full supply. The Designated Pharmacy will contact the Covered Person each time prior to dispensing the 15-day supply to confirm if the Covered Person is tolerating the Specialty Prescription Drug. You may find a list of Specialty Prescription Drugs included in the Smart Fill Program, through the internet at [www.myuhc.com](http://www.myuhc.com) or by calling the telephone number on your ID card.

**Specialty Prescription Drugs**
Benefits are provided for Specialty Prescription Drugs.

If you require Specialty Prescription Drugs, UnitedHealthcare may direct you to a Designated Pharmacy with whom UnitedHealthcare has an arrangement to provide those Specialty Prescription Drugs.

If you are directed to a Designated Pharmacy and you choose not to obtain your Specialty Prescription Drug from a Designated Pharmacy, you will be subject to the non-Network Benefit for that Specialty Prescription Drug.

Please see *Glossary - Prescription Drugs*, in this section for definitions of Specialty Prescription Drug and Designated Pharmacy.

**Want to lower your out-of-pocket Prescription Drug costs?**
Consider tier-1 Prescription Drugs, if you and your Physician decide they are appropriate.

**Specialty Pharmacy**
This means the member has the UHPS Specialty Pharmacy Program for Pharmacy Benefit Medications and a designated specialty pharmacy network provider must be used to receive in-network benefits, for specialty medications (for certain therapeutic classes, designated specialty pharmacy may include home infusion providers or hemophilia treatment centers).

If you need assistance to determine what pharmacies are designated, please call the Specialty Pharmacy Referral Line: 1-866-429-8177 (24X7).

**NOTE:** Self- administered diabetes products DO NOT fall into this category.

Specialty medications are used to treat rare, unusual or complex medical conditions including but are not limited to:

- Anemia
Assigning Prescription Drugs to the PDL

UnitedHealthcare's Prescription Drug List (PDL) Management Committee makes the final approval of Prescription Drug placement in tiers. In its evaluation of each Prescription Drug, the PDL Management Committee takes into account a number of factors including, but not limited to, clinical and economic factors. Clinical factors may include:

- evaluations of the place in therapy;
- relative safety and efficacy; and
- whether supply limits or prior authorization requirements should apply.

Economic factors may include:

- the acquisition cost of the Prescription Drug; and
- available rebates and assessments on the cost effectiveness of the Prescription Drug.

Some Prescription Drugs are most cost effective for specific indications as compared to others, therefore, a Prescription Drug may be listed on multiple tiers according to the indication for which the Prescription Drug was prescribed.
When considering a Prescription Drug for tier placement, the PDL Management Committee reviews clinical and economic factors regarding Covered Persons as a general population. Whether a particular Prescription Drug is appropriate for an individual Covered Person is a determination that is made by the Covered Person and the prescribing Physician.

The PDL Management Committee may periodically change the placement of a Prescription Drug among the tiers. These changes will not occur more than six times per calendar year and may occur without prior notice to you.

Prescription Drug, Prescription Drug List (PDL), and Prescription Drug List (PDL) Management Committee are defined at the end of this section.

**Prescription Drug List (PDL)**
The Prescription Drug List (PDL) is a tool that helps guide you and your Physician in choosing the medications that allow the most effective and affordable use of your Prescription Drug benefit.

**Prior Authorization Requirements**
Before certain Prescription Drugs are dispensed to you, it is the responsibility of your Physician, your pharmacist or you to obtain prior authorization from UnitedHealthcare. UnitedHealthcare will determine if the Prescription Drug, in accordance with UnitedHealthcare's approved guidelines, is both:

- a Covered Health Service as defined by the Plan; and
- not Experimental or Investigational or Unproven, as defined in Section 14, Glossary.

The Plan may also require you to obtain prior authorization from UnitedHealthcare so UnitedHealthcare can determine whether the Prescription Drug, in accordance with its approved guidelines, was prescribed by a Specialist Physician.

**Network Pharmacy Prior Authorization**
When Prescription Drugs are dispensed at a Network Pharmacy, the prescribing provider, the pharmacist, or you are responsible for obtaining prior authorization from UnitedHealthcare.

**Non-Network Pharmacy Prior Authorization**
When Prescription Drugs are dispensed at a non-Network Pharmacy, you or your Physician are responsible for obtaining prior authorization from UnitedHealthcare as required.

If UnitedHealthcare has not provided prior authorization before the Prescription Drug is dispensed, you may pay more for that Prescription Drug order or refill. You will be required to pay for the Prescription Drug at the time of purchase. The contracted pharmacy reimbursement rates (the Prescription Drug Charge) will not be available to you at a non-Network Pharmacy. If UnitedHealthcare has not provided prior authorization before you purchase the Prescription Drug, you can request reimbursement after you receive the Prescription Drug - see Section 9, Claims Procedures, for information on how to file a claim.
When you submit a claim on this basis, you may pay more because you did not obtain prior authorization from UnitedHealthcare before the Prescription Drug was dispensed. The amount you are reimbursed will be based on the Prescription Drug Charge (for Prescription Drugs from a Network Pharmacy) or the Out-of-Network Reimbursement Rate (for Prescription Drugs from a non-Network Pharmacy), less the required Copayment and/or Coinsurance and any Deductible that applies.

To determine if a Prescription Drug requires prior authorization, either visit www.myuhc.com or call the toll-free number on your ID card. The Prescription Drugs requiring prior authorization are subject to UnitedHealthcare's periodic review and modification.

Benefits may not be available for the Prescription Drug after UnitedHealthcare reviews the documentation provided and determines that the Prescription Drug is not a Covered Health Service or it is an Experimental or Investigational or Unproven Service.

UnitedHealthcare may also require prior authorization for certain programs which may have specific requirements for participation and/or activation of an enhanced level of Benefits associated with such programs. You may access information on available programs and any applicable prior authorization, participation or activation requirements associated with such programs through the Internet at www.myuhc.com or by calling the toll-free number on your ID card.

**Prescription Drug Benefit Claims**

For Prescription Drug claims procedures, please refer to Section 9, *Claims Procedures*.

**Limitation on Selection of Pharmacies**

If UnitedHealthcare determines that you may be using Prescription Drugs in a harmful or abusive manner, or with harmful frequency, your selection of Network Pharmacies may be limited. If this happens, you may be required to select a single Network Pharmacy that will provide and coordinate all future pharmacy services. Benefits will be paid only if you use the designated single Network Pharmacy. If you don't make a selection within 31 days of the date the Plan Administrator notifies you, UnitedHealthcare will select a single Network Pharmacy for you.

**Supply Limits**

Some Prescription Drugs are subject to supply limits that may restrict the amount dispensed per prescription order or refill. To determine if a Prescription Drug has been assigned a maximum quantity level for dispensing, either visit www.myuhc.com or call the toll-free number on your ID card. Whether or not a Prescription Drug has a supply limit is subject to UnitedHealthcare's periodic review and modification.

**Note:** Some products are subject to additional supply limits based on criteria that the Plan Administrator and UnitedHealthcare have developed, subject to periodic review and modification. The limit may restrict the amount dispensed per prescription order or refill and/or the amount dispensed per month's supply.
If a Brand-name Drug Becomes Available as a Generic

If a Brand-name Prescription Drug becomes available as a Generic drug, the tier placement of the Brand-name Drug may change. As a result, your Copay may change. You will pay the Copay applicable for the tier to which the Prescription Drug is assigned.

Special Programs

City of Appleton and UnitedHealthcare may have certain programs in which you may receive an enhanced or reduced benefit based on your actions such as adherence/compliance to medication or treatment regimens and/or participation in health management programs. You may access information on these programs through the Internet at www.myuhc.com or by calling the number on the back of your ID card.

Prescription Drugs Prescribed by a Specialist Physician

You may receive an enhanced or reduced benefit, or no benefit, based on whether the Prescription Drug was prescribed by a specialist physician. You may access information on which Prescription Drugs are subject to benefit enhancement, reduction or no benefit through the Internet at www.myuhc.com or by calling the telephone number on your ID card.

Rebates and Other Discounts

UnitedHealthcare and City of Appleton may, at times, receive rebates for certain drugs included on the PDL, including those drugs that you purchase prior to meeting any applicable deductible. As determined by UnitedHealthcare, the Plan may pass a portion of these rebates on to you. When rebates are passed on to you they may be taken into account in determining your Copayment and/or Coinsurance.

UnitedHealthcare and a number of its affiliated entities, conduct business with various pharmaceutical manufacturers separate and apart from this Prescription Drug section. Such business may include, but is not limited to, data collection, consulting, educational grants and research. Amounts received from pharmaceutical manufacturers pursuant to such arrangements are not related to this Prescription Drug section. UnitedHealthcare is not required to pass on to you, and does not pass on to you, such amounts.

Coupons, Incentives and Other Communications

At various times, UnitedHealthcare may send mailings or provide other communications to you, your Physician or your pharmacy that communicate a variety of messages, including information about Prescription Drugs. These communications may include offers that enable you, at your discretion, to purchase the described product at a discount. In some instances, non-UnitedHealthcare entities may support and/or provide content for these communications and offers. Only you and your Physician can determine whether a change in your Prescription and/or non-prescription Drug regimen is appropriate for your medical condition.

UnitedHealthcare may not permit certain coupons or offers from pharmaceutical manufacturers to reduce your Copayment and/or Coinsurance. You may access information
on which coupons or offers are not permitted through the Internet at www.myuhc.com or by calling the number on your ID card.

If you are receiving Benefits in connection with a mastectomy, Benefits are also provided for the following Covered Health Services, as you determine appropriate with your attending Physician:

Statement of Rights under the Newborns' and Mothers' Health Protection Act

Under Federal law, group health Plans and health insurance issuers offering group health insurance coverage generally may not restrict Benefits for any Hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a delivery by cesarean section. However, the Plan or issuer may pay for a shorter stay if the attending provider (e.g., your physician, nurse midwife, or physician assistant), after consultation with the mother, discharges the mother or newborn earlier.

Also, under Federal law, plans and issuers may not set the level of Benefits or out-of-pocket costs so that any later portion of the 48-hour (or 96-hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay.

In addition, a plan or issuer may not, under Federal law, require that a physician or other health care provider obtain authorization for prescribing a length of stay of up to 48 hours (or 96 hours). However, to use certain providers or facilities, or to reduce your out-of-pocket costs, you may be required to obtain prior authorization or notify the Claims Administrator.
